An expansive movement range, stylish lighting and a two-part mirrored door to the bedroom. When we call something premium, we mean it.

## F-BATHROOM

The F stands for freedom. For fancy. And for finesse. The integrated corner washbasin ensures enormous stowage space and offers generous shelving.

## LUXURY BATHROOM

We like space and dislike crowded conditions. This is true on the road and in the bathroom. For this reason, the luxury bathroom features a separate toilet room.

# FOREIGN LANGUAGES, FAMILIAR BED

---

Discover the world while sleeping at home every night.

MORELO drivers are not  
content with only one home base.

# GOOD MORNING, SUNSHINE

**Where would you like to go today?**

Prague, Lisbon, Hamburg or maybe  
just a bike ride out to the lake?

# FOR THE BEST SELECTION FOR A GOOD NIGHT'S SLEEP

---

## QUEEN BED

The queen bed is accessible from both sides and features a generous 160 cm width that gives you plenty of room to turn over and catch a few more winks.

## SINGLE BEDS

For anyone who is looking for a little more freedom to relax, the single beds are exactly the right choice. If one person is an early riser, there is no need to disturb the other who wants to sleep in.

**A day that starts and ends here will always be a great day.**

It's just a shame that most of the time you spend in this  
bedroom will be spent with your eyes closed.

---

## FRENCH BED

The French bed is ideal for those who enjoy snuggling with their partner at night and enjoy having an additional closet.

## TRANSVERSAL BED

The transversal bed makes use of the entire width of the vehicle. This gives you the space you need to stretch out while making it possible for us to reduce the overall length of the vehicle. Access is from the middle.

# A GARAGE HITS THE ROAD

**Discover the whole wide world in a MORELO.**

Take a car, scooter or bike to  
see the smaller nooks and crannies.

# WINTER IS KEPT OUTSIDE

---

**A MORELO is at home anywhere in the world – even at the Arctic Circle when it's minus 36 degrees outside.**

Well-designed climate control technology keeps it nice and warm inside at all times.

Allowing you to relax and watch the frost patterns grow and the skiers go by.
