QUALITY, that you can rely on

Dedicated employees with an eye for details

High productivity thanks to optimised final assembly

Use of modern machines on the production lines

**ALWAYS
RELIABLE.**

LMC has been a synonym for quality Made in Germany since 1955. LMC's relies on the most innovative production workflows at its Caravan Competence Center at the Sassenberg location in Münsterland. We build your mobile home with know-how and passion – so that you only enjoy wonderful moments with your LMC.

Markus Grabosch,
Head of Design and Development LMC
Competence Center Caravan Sassenberg

WHAT IMPRESSES YOU ABOUT LMC?

With considerable investment in our factory, we have created Europe's most modern caravan factory. We work with the newest production technology, distinct lean management and highly motivated employees. We all stand behind the high quality work and quality of our products.

TRUST

for 64 years

The kitchen is equipped in a functional and sophisticated manner

Worry-free sleep, thanks to the bed guard on the children's beds that prevents falling

A standard smoke detector provides a feeling of safety

BEING
FREE,
SAFELY.

At LMC, we use sophisticated technology even for the smallest details – for the highest level of safety and functional solutions, both in the interior and exterior. From the underbody and lightweight design to the roof design, every component in an LMC is designed to last long and maintain value – so that your investment in an LMC is secure.

Ulrich Schoppmann,
General Manager LMC
Competence Center Caravan Sassenberg

HOW DO WE DEVELOP NEW IDEAS AT LMC?

We are a factory for ideas. Since all employees are passionate campers, we love to tinker with unique and smart solutions and work them out until they are ready for series production in our models. Better durability of components? Added storage space in the planned layout? We make it possible.

AT HOME in your holiday world

Select upholstery with a design that feels like home

Beds with cold foam mattresses and medical slatted beds

Practical shelf and storage space in the bathroom

A HOME
ON THE
ROAD.

You should always feel very comfortable in your LMC. That's why we create design and function oriented interiors together with our specialists, with materials and surfaces that are beautiful and practical. With storage spaces that offer a lot of room to keep things organised, and details that you will simply love – your LMC: your mobile home in the world.

Patrick Schaar,
Head of the Caravan Division
Competence Center Caravan Sassenberg

WHAT DO YOU PAY ATTENTION TO WHEN IT COMES TO THE INTERIOR?

The caravan is a second home for our customers. That's why we place special value on the details that make a holiday in the LMC even more comfortable. That's why we work closely on product development in a design team. After all, the interior should be beautiful as well as practical.

THE NEW SASSINO: feel life

FOR NEWCOMERS

Our Sassino newcomer model is the perfect fit when you want to discover the freedom of caravan vacationing for yourself and your family. With up to six sleeping spots in single, double, or bunk beds and compact, well-thought out layouts, Sassino fulfils any wishes you have.

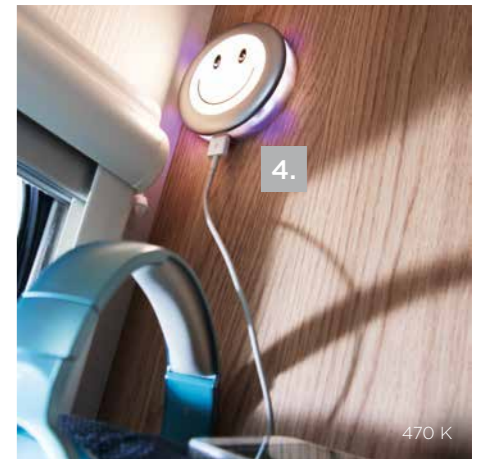

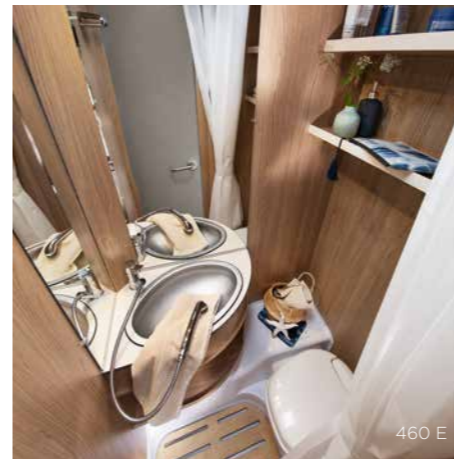

EXPE-
RIENCING
A SENSE
OF COMMU-
NITY.

Welcome to your mobile home. With its bright, modern design with birch-look, Sassino invites the entire family to enjoy the holiday - from the moment they get on board. It provides enough space in different areas for everyone to enjoy their preferences. Discover all the practical details for your caravan holiday.

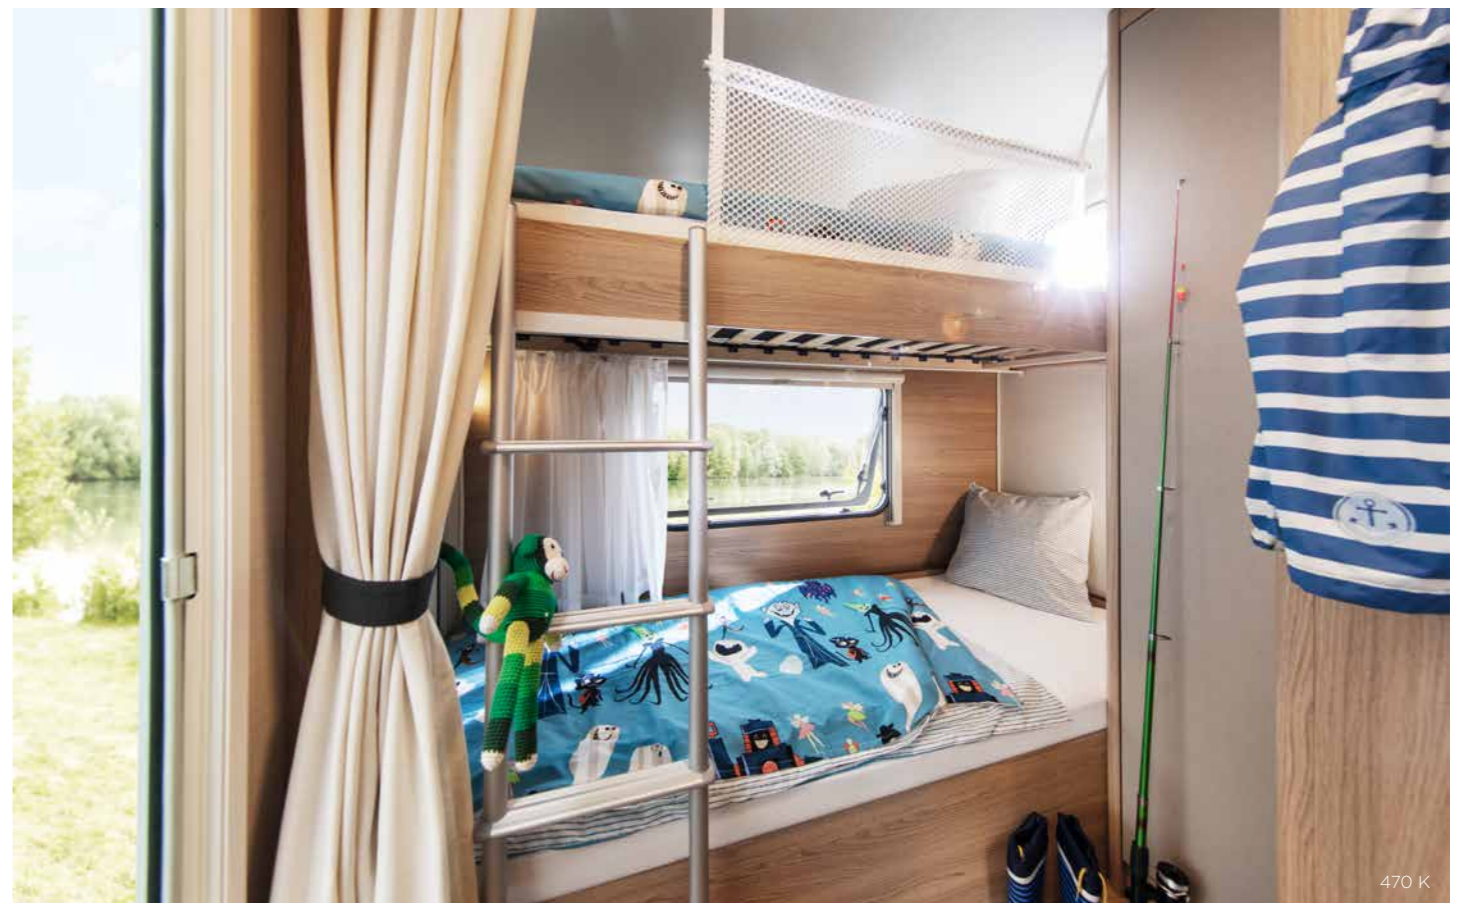

SMART SOLUTIONS

1. Highest level of entertainment and enjoyable comfort with optional TV preparation and optional flat-screen holder
2. Spontaneously convert the single bed into a double bed - with the rollaway bed function
3. Operation of the stove is made easy and practical thanks to the electrical stroke spark ignition
4. Charging electrical devices is easy - even for youngsters - with the integrated USB port in the bunk bed light

THE INTERIOR HIGHLIGHTS

- The uniform colour scheme of the wall cabinet provides a peaceful and harmonious ambience
- There is sufficient space for all important holiday utensils thanks to the many storage options in the wall cabinet of the sleeping area
- You can cook and indulge at any time in the complete, spacious kitchen
- Lots of space for all lifestyle moments in the different areas
- Everyone can join - with a load capacity of 80 kg, even older children feel comfortable in the bunk beds

- Protection from external factors through the exterior panel with a hammer-stroke look

STYLE: as flexible as life itself

PERFECT FOR YOUNG FAMILIES

The Style, with its timelessly beautiful design, is our model for your family dream holiday. Enjoy lots of space to laugh, cook, play and relax. Nine layouts and up to six sleeping spots make the Style the flexible allrounder for big and small vacationers.

The Long Life Technologie, made in Sassenberg, ensures longevity.

YOUR
HOLIDAY
HOME.

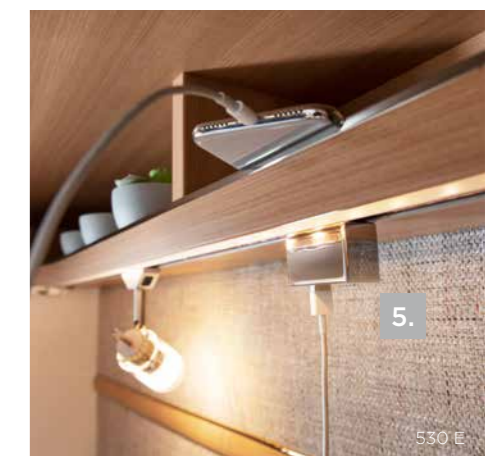

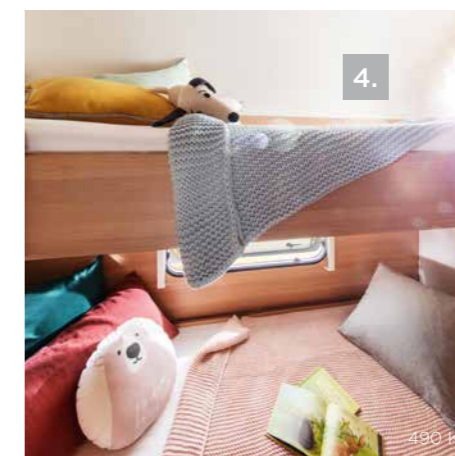

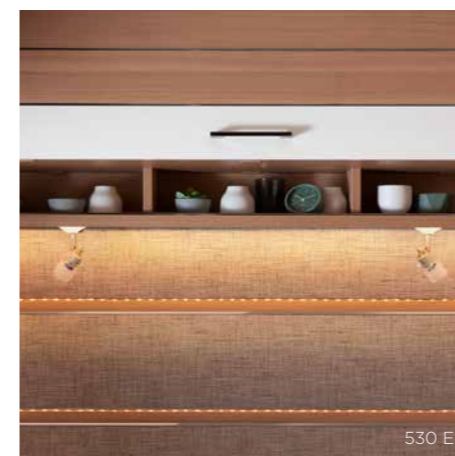

The Style welcomes you with a modern design, fresh, white accents and friendly wood decor. Even the roof windows are part of the basic set-up, so you can fall asleep under the stars in Style. Unless you use the optional pop-up roof, with two extra sleeping spots that provide more room to dream.

THE INTERIOR HIGHLIGHTS

- The wall cabinets with timeless wood decor and white accents on the wall cabinet doors create a comfortable lifestyle atmosphere
- Making daily holiday life easier – the open compartments under the wall cabinets in the front and rear area are easy to access
- The standard roof windows provide an atmosphere full of daylight
- Charging made easy – the USB-ports integrated in the outlets provide lots of charging options for electronic devices

SMART SOLUTIONS

1. Feel-good temperature in any weather thanks to the winterised wall ventilation behind the furniture
2. Practical lowerable tables and the supplied extra cushions provide extra sleeping spots in seconds
3. Lots of space for bath items in the spacious bathroom with many shelves
4. Sleep peacefully and safely thanks to the standard bed guard on the children's beds that prevents falling
5. Flexible electrical supply for electronic devices thanks to the optional USB-socket that can simply be used in the integrated light rail

STYLE

Perfect for young families

THE EXTERIOR HIGHLIGHTS

- 1. Standard piping rail for convenient assembly of the awning
- 2. Pop-up roof (optional) for two additional sleeping spots
- 3. Standard anti-sway coupling for best driving performance
- 4. Long Life Technology (LLT) for high value retention

STYLE LIFT: when holiday has no limits

**MORE ROOM FOR
THE FAMILY**

The new LMC Style Lift with standard lifting bed flexibly gives your mobile home the space that you need at any time. With a standing height of an impressive 2.08m in the living room, it gives you the free space that you need during the day. At night, the Style Lift can be converted in seconds – now you and your family dream in up to seven comfortable sleeping spots.

SMART SOLUTIONS

1. Sleeping options for the whole family with the lifting bed and conversion of the round seating group into a bunk bed – up to 7 sleeping spots
2. Easy loading with the large, standard storage hatch – if needed, simply fold up the lower bunk bed to create more space
3. Well taken care of with a fridge volume of 141l, with space for all essential food items – can be operated with gas or electricity as desired

STYLE LIFT

STYLE LIFT

More room for the family

THE EXTERIOR HIGHLIGHTS

- 1. GRP all around provides protection against stone impact and weather, such as hail
- 2. Modern automotive tail lights and third braking light
- 3. Elegant and stable rims
- 4. LLT (Long Life Technology) for highest value retention

THE INTERIOR HIGHLIGHTS

- Comfortable room feeling and sufficient space for the tallest with a standing height of 2.08m.
- The standard smoke alarms provide a good feeling of safety
- Nothing is better than a restful sleep – the tried and tested cold foam mattresses provide optimum sleeping comfort
- Pleasant and bright – enjoy a feeling of well-being in this interior with sophisticated ceiling lights
- Absolutely family-friendly thanks to the kids' room that can be separated flexibly

VIVO: when everything is perfect

FOR THOSE WHO LOVE COMFORT

We built the Vivo – a true allrounder – for travellers who value comfort. With a total width of 2.3m–2.5m, it conveys a particularly spacious room feeling. Nine layouts are available, so you can select your ideal mobile home. A high cargo load is possible even despite its low weight, which makes it perfect.

Vivo: There is no better way to start a holiday.

FEELING
GOOD ALL
AROUND.

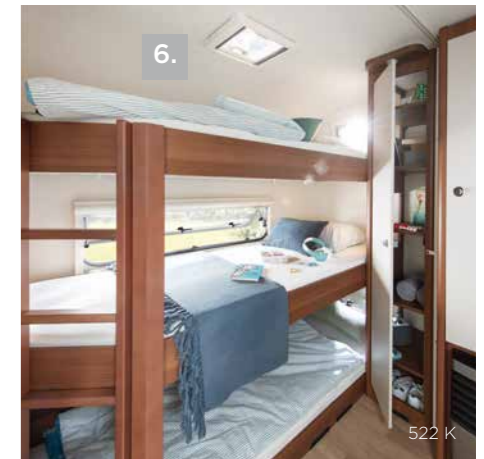

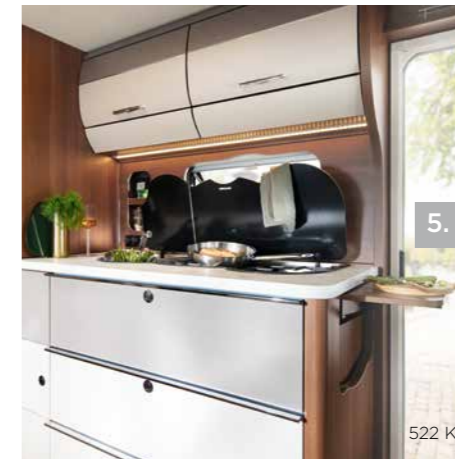

The interior of the Vivo is fresh and bright, with its white panels and friendly wood tones. The spacious centre seat group is round and offers space for a comfortable evening with the whole family or friends.

522 K

SMART SOLUTIONS

1. Round seating group for lots of space to enjoy a comfortable television evening together
2. Practical storage space for shoes in the shoe compartment of the seat box
3. The right position for any situation with the standard, adjustable head piece, so you can read a book comfortably or transition to a night's sleep
4. Reach stowed items easily thanks to easy positioning of the beds with the hydraulic lift
5. Even more space to prepare an abundant meal with the integrated worktop extension in the kitchen
6. Make three out of two – kid's beds also possible as a 3-storey bunk bed

THE INTERIOR HIGHLIGHTS

- The light interior, subtle wood look and atmospheric, energy-saving LED-lights create a pleasant life-style atmosphere
- Lots of roof windows and hinged windows in the front or back provide a home full of natural light
- To each their own – practical room division, thanks to folding sliding door that separates the kid's area from the living room
- Single beds, double beds, rollaway beds or bunk beds – all bed options with cold foam mattresses provide the highest level of sleeping comfort
- Cosy and warm, even during the coldest winter camping with the optional warm water heating winter package

VIVO

For those who love comfort

THE EXTERIOR HIGHLIGHTS

1. Automotive tail light – developed just for LMC – including tail light support
2. Standard diagonal swing axle for the highest level of safety while driving
3. Heavy duty stability supports for a secure stand during the holiday
4. Standard shock absorbers for ultimate driving comfort

MUSICA:
when time
stands still

MUSICA ■

FOR THE HIGHEST STANDARDS

The elegant Musica is the master class of our caravans. We have invested a lot of time to design its outfitting to be that comprehensive and comfortable so that you will feel totally comfortable, and can simply get in and drive off. In addition to elegant and stable aluminium rims, many other highlights of this series satisfy the high demands of this model.

STYLE AND
ELEGANCE.

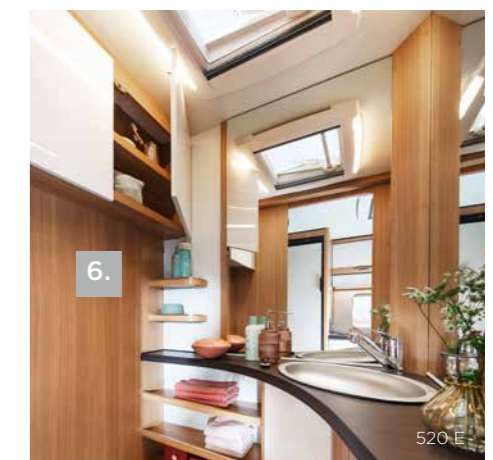

Lots of light and a stylish atmosphere, the large skylight and the window integrated in the entrance door fill the interior of Musica with bright daylight. This truly brings out the elegant upholstery covers and the light wood decor with glossy white panels.

520 E

THE INTERIOR HIGHLIGHTS

- It makes cooking fun – first-class kitchen technology with three-burner stove, large fridge and functional, spacious drawers
- Sophisticated living room concepts combined with high quality outfitting makes any wishes come true
- The translucent window in the entrance door highlights the bright, friendly atmosphere in the living room
- Pure relaxation and recreation thanks to the high grade slatted frames and cold foam mattresses in all the beds
- Unwanted guests stay outside thanks to the standard mosquito net door

SMART SOLUTIONS

1. Well-protected against unexpected cooking hazards with the side splash guards in the kitchen
2. Softclose in the wall cabinet doors so they close in a pleasantly quiet manner
3. Perfect lighting for any situation with the dimmable reading spots in the seating group
4. Stowage space under the seating group is quick and easy to access with the foldable cushion
5. Enjoy privacy with the multi-function blinds
6. Ample space thanks to the sophisticated and practical bathroom layout and technology

MUSICA

For the highest standards

- THE EXTERIOR HIGHLIGHTS
- 1. Standard exterior sockets with 230 V, 12 V and gas connections
 - 2. Standard columns on rear part
 - 3. Standard aluminium rims

OUR TIP

An optional mover makes any visit to a camping spot easier and makes manoeuvring your mobile home extra easy.

LLT: our unique quality promise

WORRY-FREE TRAVEL-LING.

For a long vehicle life and outstanding value retention, we at LMC have developed Long Life Technology, which will provide you with one thing above all: a long life for your caravan and travel home. Our unique quality promise: 12-year vehicle body water-tightness warranty*.

In the caravan and motor home sector, LMC stands for sophisticated technology and functional solutions. One reason for this is that we give our vehicles a distinctive “extra” before sending them on their way – protection and safety. We saved in other areas – namely in weight. In summary, this innovative technology is known by the name LLT* – the innovative LongLifeTechnology from LMC.

First and foremost, LLT means extra freedom and safety for you. No matter what the weather or the ground is like, like a protective cocoon LLT creates a barrier against external influences that could affect your vehicle. LLT even effectively defies cold and heat. How does it work? With innovative materials and sophisticated assembly technology that is unique in the industry to this day. With LLT, we have made our caravans and motor homes even more stable in value and safer than ever before.

We offer LLT in all LMC vehicles, either in the full-version or as LLT in the base, for beginners in Sassino or Element.

*LMC provides a 12-year vehicle body water-tightness warranty on all motor homes and caravans, thanks to LLT – Long Life Technology. On motor homes, the warranty is only valid up to a maximum total mileage of 120,000 km.

1. Extra-hard PU-core for high level impact resistance

2. Special insulation core made from XPS foam for perfect insulation

Innovative materials act as a barrier against external influences

- 12-years of protection against moisture with our vehicle body water-tightness warranty*
- Protection against hail and weather-resistant thanks to GRP roof cladding
- GRP underbody protection
- GRP front and rear
- Highly stable PU reinforcement bars – a bonus for stability and torsion resistance
- The atmosphere is always comfortable thanks to the high-performance insulation core made from XPS-foam
- Moisture doesn’t stand a chance
- Heat stays outside and warmth stays inside longer – state-of-the-art insulating material, effective and light, makes it possible
- It has everything inside that you need: more cargo load capacity thanks to innovative materials and smart assembly technology

FLYING HIGH - with the LMC pop-up roof

UNDER
THE
STARRY
SKY.

The LMC pop-up roof gives you that extra space for your family holiday. Kids love the comfortable height, the “tent” on the roof, and it gives parents just the flexibility they need. Create two additional sleeping spots in moments, either inside, or better yet, on top of your caravan. Practical, without reducing any space in the interior: the interior standing height and stowage areas of the caravan are untouched. And when you don’t need the roof, it can simply be folded back down.

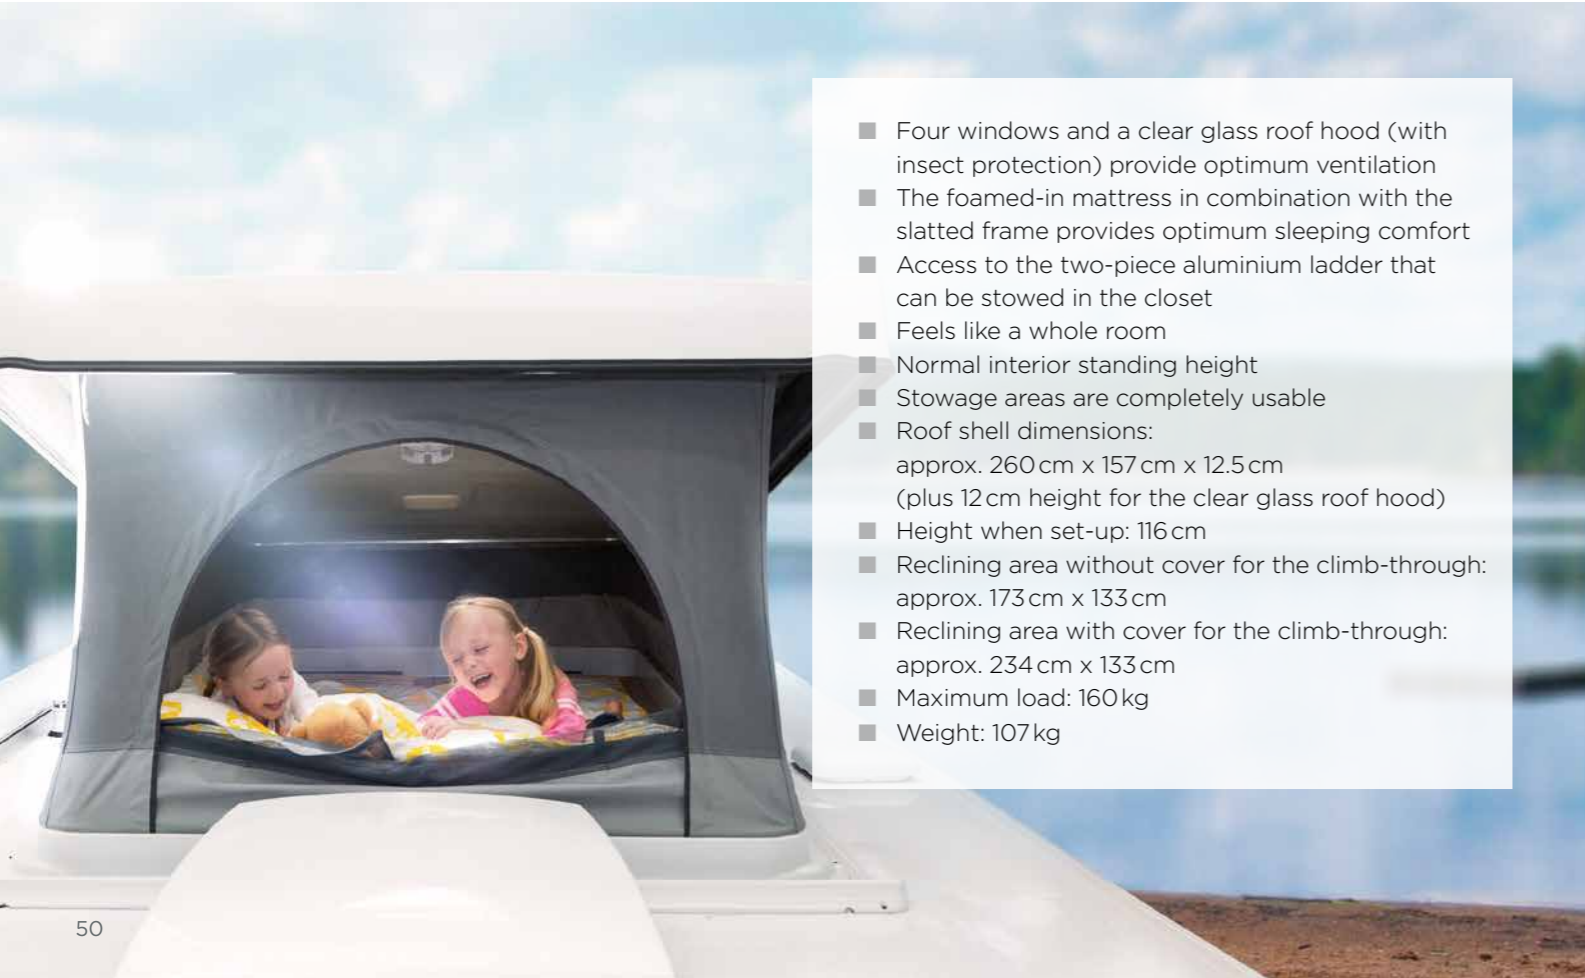

Optional for the Style, Vivo and Musica caravan models.

LMCONNECT - for a very smart caravan

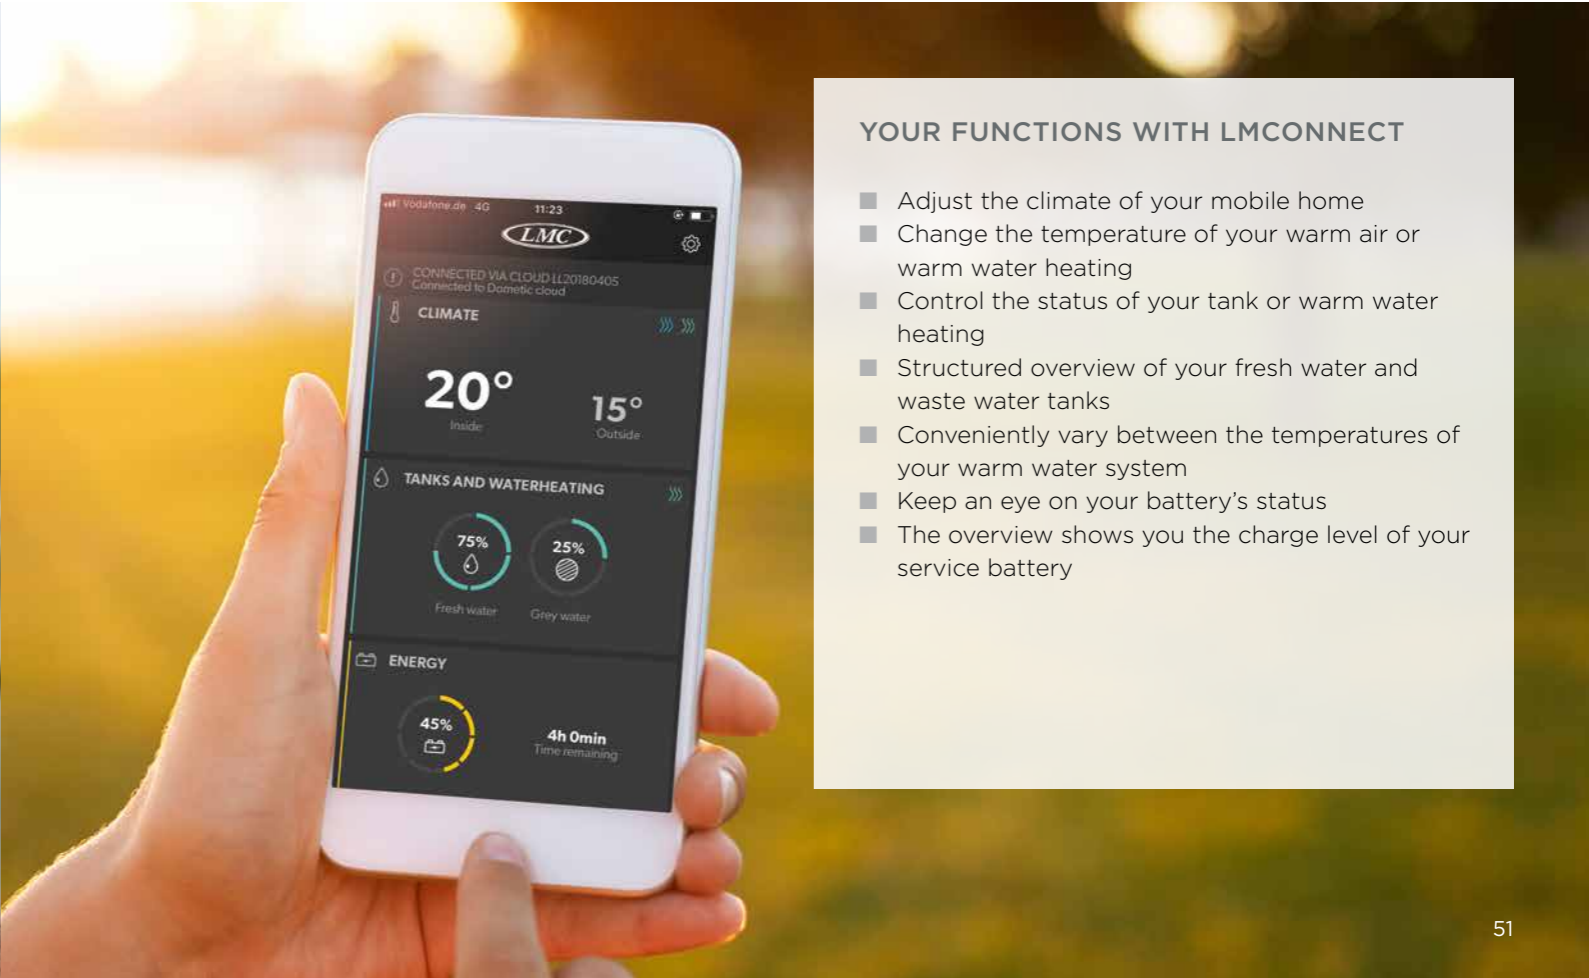

WITH
EVERY-
THING
IN VIEW.

The LMConnect is available as an optional extra for the Vivo and Musica models. This connects you to your mobile home and you can control it on-the-go. Heating off, air conditioning on? Control it from wherever you are. Inquire about fill levels or water temperature? Not a problem. One glance at the display lets you know, and you can control it in a smart manner.

It is this easy to turn your caravan into a smart-home: Install the LMConnect app on your smart phone or tablet, connect via Bluetooth or Cloud, and you’ll have control of your mobile home’s technology and functions with a swipe across the display, and have everything in sight.

- Four windows and a clear glass roof hood (with insect protection) provide optimum ventilation
- The foamed-in mattress in combination with the slatted frame provides optimum sleeping comfort
- Access to the two-piece aluminium ladder that can be stowed in the closet
- Feels like a whole room
- Normal interior standing height
- Stowage areas are completely usable
- Roof shell dimensions: approx. 260 cm x 157 cm x 12.5 cm (plus 12 cm height for the clear glass roof hood)
- Height when set-up: 116 cm
- Reclining area without cover for the climb-through: approx. 173 cm x 133 cm
- Reclining area with cover for the climb-through: approx. 234 cm x 133 cm
- Maximum load: 160 kg
- Weight: 107 kg

YOUR FUNCTIONS WITH LMCONNECT

- Adjust the climate of your mobile home
- Change the temperature of your warm air or warm water heating
- Control the status of your tank or warm water heating
- Structured overview of your fresh water and waste water tanks
- Conveniently vary between the temperatures of your warm water system
- Keep an eye on your battery's status
- The overview shows you the charge level of your service battery

Depicted decorations are not part of the scope of delivery.
