## ENGINE . CHASSIS . COCKPIT . LIGHTS . STRUCTURE

ENGINE	Turbo diesel engine, 3 litres, 132 KW / 180 HP, with rear wheel drive
	Fuel tank, 90 litres
	Emission class EURO 6d
	Manual transmission, 6-gear
	Alternator 14 V / 220 A / 3.080 W
CHASSIS	Rear wheel drive with twin tires on the rear axle
	Tires rear axle with traction profile
	Disc brakes, on front and rear axle
	Electronic anti-lock braking system (ABS)
	Traction control system (ASR)
	Breakdown set, with warning triangle, first-aid kit, warning light, wheel chock and tire pressure kit
	Electronical Stability Program (ESP)
COCKPIT	Driver's cab seats, swiveling, with armrests and integrated belt system
	Roller plissee behind windscreen, electrically activated, privacy screen function, darkening and sunblind
	Panoramic windscreen with laminated glass, tinted
	Side windows in driver's cab with tinted insulating glass
	Independent dashboard
	Cruise control
	Steering wheel, adjustable in height and angle
	Outside side mirrors
	Raised driver's cab on special platform
	Fully insulated driver's cab, new GRP module
LIGHTS	Optimized noise insulation of engine compartment
	Sockets, 1 x USB charging and 2 x 230 V
	Halogen main headlights, with optical lens and additional main beam
	Fog lights
STRUCTURE	LED daytime running lights
	Side walls and roof are 42 mm thick, 38 mm of which consists of closed-cell RTM hard foam
	Aluminium side bars on the roof, with rainwater channels to help keeping side walls clean
	Side walls in ALU-RTM-ALU sandwich design, smooth and high-gloss
	Roof in GRP-RTM-ALU sandwich design, hail protection and low heat conductivity
	Underfloor in GRP-RTM-GRP sandwich design, robust, corrosion-free, no timber used
	Cold-bridge-free wall joint technology, using highly compressed rigid PU profiles
	Lightning protection, Faraday cage
	Heatable double floor, approximately 366 mm high, side access via external flaps
	Entrance door with window, extra large, electric with code lock and remote control, flyscreen and mechanical emergency unlocking

# STANDARD EQUIPMENT MORELO HOME

## STRUCTURE . LIVING ROOM + BEDROOM . KITCHEN

STRUCTURE	Interior entrance step, heated
	Exterior entrance step, 1-step, electrically extendable with safety circuit
	Rear garage with door to the right, floor rails with lashing eyelets and 230 V socket
	Rear wall with fibreglass compound sandwich design, PU foam core
	Plastic windows in living area, double-glazed and tinted, collapsible outwards or sliding, with pleated blackout blind and flyscreen
	Entirely wood-free exterior structure
	Front and lateral skirting, from highly sturdy fibreglass compound
	External adhesives HOME in black
	Sturdy handle for easy entry, backlighted
LIVING ROOM + BEDROOM	Floor covering made from easy-care, high-grade vinyl
	Flat living area floor, from the rear to the dashboard
	Skylight, with flyscreen and pleated blackout blind in the bedroom
	Double-glazed, Midi roof window with flyscreen and pleated blackout blind in the living area
	Rear bed with slatted frame and multi-zone mattress
	Wardrobes with LED lighting
	Furniture fronts with metal hinges
	Microfibre upholstery, including driver and passenger seats
	Seating group with ergonomic upholstery, comfortable multi-layer design with diol-based padding and zip fasteners
	Extensible, sturdy table, with extensive sliding range, laminated
	Glass cabinet with LED lighting at the entrance, with assorted glassware and space for a TV set, incl. small pull-out furniture
	Sockets in the living area and in the bedroom
	Wall panelling with colour-coordinated carpet
KITCHEN	Elegant pleated curtains
	177 litres AES refrigerator with separate freezer compartment, dark mirrored fridge door, automatic and manual energy selection
	Kitchen worktop with laminated surface
	3-flame stainless steel gas cooker, installed countersunk with automatic ignition and glass cover
	Single-lever mixer tap, chrome
	Chrome railing mounted to the worktop

HOME WHEREVER YOU ARE

### SATELLITE SYSTEM

When you buy a satellite system from ten Haaft, you are buying more than just a reliable brand product. You are also choosing our many years of experience, excellent service, intelligent technology and top quality!

**tenHaaft**<sup>®</sup>

Innovative Mobile Technology

Many service centres throughout Europe ensure reliability and rapid assistance.

### OUR ADVICE

Oyster<sup>®</sup> is the user-friendly satellite system that offers a wide variety of programmes and top-class convenience.

EXPERT ADVICE

# STANDARD EQUIPMENT MORELO HOME

## KITCHEN . BATHROOM . INSTALLATIONS . ELECTRONICS . CONTROL PANEL

KITCHEN	Drawers with super-soft closing and cutlery insert
	Pull-out waste bin with two removable containers
	Skylight, with flyscreen and pleated blackout blind
	LED spots
	Sockets 2 x 230 V
BATHROOM	Separate toilet area
	Skylight, with flyscreen and pleated blackout blind
	Washstand, with seamlessly integrated sink, push open valve and domestic drain
	Single-lever mixer tap, chrome
	Soap dispenser, cup holder and towel hook
	Lighted wardrobe
	Separate shower, with wall rail, height-adjustable showerhead and drying rail
	Cassette toilet
	Toilet paper holder and toilet brush
	LED spots
INSTALLATIONS	Sockets 2 x 230 V
	Gas bottle compartment, for 2 x 11 kg gas bottles side by side, with gas controller gas leak protection, gas filter and automatic switchover
	5.500W hot water gas central heating, with thermostat control, automatic ventilation valve and backflow shut-off
	Electrical heating element, 230V, up to 3.000W
	Integrated hot water boiler, serving all tapping points
	200 litres fresh water tank, 200 litres wastewater tank, situated in the heated double floor
	Emptying of wastewater and toilet tank, via drain tap with large cross section in heated double floor and drain hose with bayonet connection
	Domestic style wastewater pipes
	Flushing connections for wastewater tank and optional toilet tank
ELECTRONICS	Central pressure water supply
	230 V socket in the garage
	230 V CEE connection, with insulated floor inlet
	140 Ah gel battery in intermediate floor including battery monitoring system with overloading and total discharge protection
CONTROL PANEL	Automatic charger, electronically controlled, with battery temperature sensor, maximum charge rate of 25 A
	Central control and monitoring panel, with colour touch screen
	Shut-off function for on-board electrical system, in case of undervoltage/overheating
	On-board electronics, microprocessor-controlled
	Buttons for switching on/off, lighting, water pump and special equipment, including main switch for all consumers
	Alarm devices for 'step extended', 'fresh water tank empty', reserve gas bottle in use' and diverse others
	LCD control panel for monitoring of external and internal temperature, external mains supply, parallel battery circuit, battery voltage of the vehicle and leisure batteries
	LCD control panel for monitoring of wastewater tank and fresh water tank levels, gas level (when a gas tank is fitted), charging and discharging amperage, date and time with alarm clock

### SIZE IN DETAIL

#### MOBILE TELEVISIONS

All TV sets in your MORELO are manufactured by alphasatronics, located in Nuremberg, Germany. This means consistently high quality that meets your expectations for a reliable mobile television. The devices are equipped with power-saving alphasatronics wide-angle

displays, integrated triple tuner (DVB-S2, DVB-T2, DVB-C with CI+ for receiving Pay TV), DVD player and Bluetooth 4.2 module. Other standard features include SMART TV capability on the Android operating system and the unique and excellent sound quality.

#### OUR ADVICE

Simply put your favourite films on a USB stick and bring them on holiday with you. You'll be entertained throughout the trip, all thanks to alphasatronics.

# APPEALING APPEARANCE

---

**A little bit more of everything.** Even the standard equipment on the new MORELO LOFT is very impressive: More load capacity thanks to a stronger chassis, a 3 litre engine with more torque, 2.4 m width for even more space in the living room. Excellent quality and first-class convenience combine with a compact look and versatile mobility.

STANDARD EQUIPMENT MORELO LOFT

ENGINE . CHASSIS . COCKPIT . LIGHTS . STRUCTURE

ENGINE	Turbo diesel engine, 3 litres, 132 KW / 180 HP, with rear wheel drive
	Fuel tank, 90 litres
	Emission class EURO 6d, AdBlue
	Manual transmission
	Alternator 14 V / 220 A / 3.080 W
CHASSIS	All season tires (Continental Vanco Four Season) 225 / 75 R 16
	Disc brakes, on front and rear axle
	Electronic anti-lock braking system (ABS)
	Traction control system (ASR)
	Electronical Stability Program (ESP)
COCKPIT	Breakdown set, with warning triangle, first-aid kit, warning light, wheel chock and tire pressure kit
	Driver's cab seats, swiveling, with armrests and integrated belt system
	Roller plissee behind windscreen, electrically activated, darkening blind with privacy screen and sunblind function
	Panoramic windscreen with laminated glass, tinted, heatable
	Flush, double-glazed driver's cab side windows, mechanically activated
	Cruise control
	Steering wheel, adjustable in height and angle
	Outside mirrors (incl. wide-angle and front mirror) and windscreen wiper system in bus-style
	Sockets, 1 x USB charging and 2 x 230 V at the side
	Optimized noise insulation of engine compartment
LIGHTS	Fully insulated driver's cab, new GRP module
	Independent premium dashboard, with ambient lighting, cupholder and cooled refreshment compartment
	Halogen main headlights, with optical lens and additional main beam
	Fog lights
STRUCTURE	LED daytime running lights
	Side walls and roof are 42 mm thick, 38 mm of which consists of closed-cell RTM hard foam
	Aluminium side bars on the roof, with rainwater channels to help keeping side walls clean
	Side walls in ALU-RTM-ALU sandwich design, smooth and high-gloss
	Roof in GRP-RTM-ALU sandwich design, hail protection and low heat conductivity
	Underfloor in GRP-RTM-GRP sandwich design, robust, corrosion-free, no timber used
	Cold-bridge-free wall joint technology, using highly compressed rigid PU profiles
	Lightning protection, Faraday cage
	Heatable double floor, 366 mm high, side access via external flaps
	Entrance door with window, extra large, electric with code lock and remote control, flyscreen and mechanical emergency unlocking
	Interior entrance step, heated and illuminated
	Exterior entrance step, 2-step, electrically extendable with safety circuit

# STANDARD EQUIPMENT MORELO LOFT

## STRUCTURE . LIVING ROOM + BEDROOM . KITCHEN

STRUCTURE	Rear garage with doors to the right and the left, floor rails with lashing eyelets and 230 V socket
	Rear wall with fibreglass compound sandwich design, PU foam core
	Plastic windows in living area, double-glazed and tinted, collapsible outwards or sliding, with pleated blackout blind and flyscreen
	Entirely wood-free exterior structure
	Front and lateral skirting, from highly sturdy fibreglass compound
LIVING ROOM + BEDROOM	External adhesives in black
	Floor covering made from easy-care, high-grade vinyl
	Flat living area floor, from the rear to the dashboard
	Skylight, with flyscreen and pleated blackout blind in the bedroom
	Double-glazed, Midi roof window with flyscreen and pleated blackout blind in the living area
	Lighting canopies with LED spots incl. indirect lighting, dimmable
	Rear bed with multi-zone mattress and slatted frame
	Wardrobes with LED lighting
	Microfibre upholstery, including driver and passenger seats
	Seating group with ergonomic upholstery, comfortable multi-layer design with diol-based padding and zip fasteners
	Extensible, sturdy table, with extensive sliding range, laminated
	Glass cabinet with LED lighting at the entrance, with assorted glassware and space for a TV set, incl. small pull-out furniture
	Sockets in the living area and in the bedroom
	Wall panelling with colour-coordinated carpet
	Elegant pleated curtains
KITCHEN	177 litres AES refrigerator with separate freezer compartment, dark mirrored fridge door, automatic and manual energy selection
	Morelosan kitchen worktop with seamlessly integrated wash/waste bowl and domestic drains
	3-flame stainless steel gas cooker, installed countersunk with automatic ignition and glass cover
	Single-lever mixer tap, chrome
	Drawers with super-soft closing and cutlery insert
	Pull-out waste bin with two removable containers
	Skylight, with flyscreen and pleated blackout blind
	LED spots, in lighting canopy
	Sockets 2 x 230 V

### PROFESSIONAL CHIP TUNING

**QUALITY CAN BE PROGRAMMED**

Expert engine optimisation: port timing, injection volume and boost pressure are tuned individually for your MORELO to achieve optimum performance.

**More power  
Optimised torque  
Lower fuel consumption (0.5 - 1 l / 100 km)  
Insurance and registration unaffected  
30-day money-back guarantee**

As a premium partner in the chip tuning sector, we have already increased the performance of over 300 MORELO motorhomes. We have been on the market for 19 years and are Europe's leading motorhome tuner - engines are our passion!

BATHROOM . INSTALLATIONS . ELECTRONICS . CONTROL PANEL

BATHROOM	Separate toilet area (except F layouts)
	Skylight, with flyscreen and pleated blackout blind
	Washstand, with seamlessly integrated sink, push open valve and domestic drain
	Single-lever mixer tap, chrome
	Soap dispenser, cup holder and towel hook
	Lighted wardrobe
	Separate shower, with wall rail, height-adjustable showerhead and drying rail
	Cassette toilet
	Toilet paper holder and toilet brush
	Spacious wardrobe with LED lighting
	LED spots
INSTALLATIONS	Sockets 2 x 230 V
	Gas bottle compartment, for 2 x 11 kg gas bottles side by side, with gas controller gas leak protection, gas filter and automatic switchover
	5.500W hot water gas central heating, with thermostat control, automatic ventilation valve and backflow shut-off
	Electrical heating element, 230V, up to 3.000W
	Heat regulating thermostat in bedroom and rear garage
	Integrated hot water boiler, serving all tapping points
	300 litres fresh water tank, 200 litres wastewater tank, situated in the heated double floor
	Emptying of wastewater and toilet tank, via drain tap with large cross section in heated double floor and drain hose with bayonet connection
	Domestic style wastewater pipes
ELECTRONICS	Flushing connections for wastewater tank and optional toilet tank
	Central pressure water supply
CONTROL PANEL	230 V socket in the garage
	230 V CEE connection, with insulated floor inlet
	140 Ah gel battery in intermediate floor including battery monitoring system with overloading and total discharge protection
	Automatic charger, electronically controlled, with battery temperature sensor, maximum charge rate of 25 A
	Central control and monitoring panel, with colour touch screen
	Shut-off function for on-board electrical system, in case of undervoltage/overheating
	On-board electronics, microprocessor-controlled
	Buttons for switching on/off, lighting, water pump and special equipment, including main switch for all consumers
	Alarm devices for 'step extended', 'fresh water tank empty', reserve gas bottle in use' and diverse others
	LCD control panel for monitoring of external and internal temperature, external mains supply, parallel battery circuit, battery voltage of the vehicle and leisure batteries
	LCD control panel for monitoring of wastewater tank and fresh water tank levels, gas level (when a gas tank is fitted), charging and discharging amperage, date and time with alarm clock

### EXPERT ADVICE

#### WELCOME TO THE WARM

#### ALDE FLOW

Alde Flow is a separate hot water tank that you can connect to the water-glycol circuit of the heating system. The hot water tank preheats the fresh water before it gets into the actual hot water tank of the boiler.

Alde Flow, along with the Alde Compact 3020HE (valid as of 2016 model), with Boost mode activated and a flow rate of 3.5 l / min (capacity of a normal shower tap), will provide continuous 40 ° C shower water as long as the fresh water supply is sufficient.

## COCKPIT . LIGHTS . STRUCTURE

COCKPIT	Driver's cab seats, swiveling, with armrests and integrated belt system	PALACE
	Roller plissee behind windscreen, electrically activated, darkening blind with privacy screen and sunblind function	
	Panoramic windscreen with laminated glass, tinted, heatable	
	Flush, double-glazed driver's cab side windows, mechanically activated	
	Air conditioning in driver's cab	
	Cruise control	
	Steering wheel, adjustable in height and angle	
	Outside mirrors (incl. wide-angle and front mirror) and windscreen wiper system in bus-style	
	Radio in driver's cab, with CD and MP3 player	
	High-performance 2-way loudspeakers in driver's cab side panelling	
	Sockets, 1 x USB charging and 2 x 230 V	
	Optimized noise insulation of engine compartment	
	Fully insulated driver's cab, new GRP module	
	Independent premium dashboard, with ambient lighting, cupholder and cooled refreshment compartment	
LIGHTS	Halogen main headlights, with optical lens and additional main beam	PALACE
	Fog lights	
	LED daytime running lights	
	LED rear lights	
STRUCTURE	Side walls and roof are 42 mm thick, 38 mm of which consists of closed-cell RTM hard foam	PALACE LINER
	Aluminium side bars on the roof, with rainwater channels to help keeping side walls clean	
	Side walls in ALU-RTM-ALU sandwich design, smooth and high-gloss	
	Roof in GRP-RTM-ALU sandwich design, hail protection and low heat conductivity	
	Underfloor in GRP-RTM-GRP sandwich design, robust, corrosion-free, no timber used	
	Cold-bridge-free wall joint technology, using highly compressed rigid PU profiles	
	Garage door with electrical unlocking or electrical rear hatch for car garages	
	Lightning protection, Faraday cage	
	Heatable double floor, approximately 420 mm high, 480mm for Mercedes-Benz and IVECO Eurocargo, side access via external flaps	
	"Top Class" entrance door with window, extra large, electric with code lock and remote control, flyscreen and mechanical emergency unlocking	
	Interior entrance step, heated, with two incorporated pull-out drawers	
	Exterior entrance step, 2-step, electrically extendable with safety circuit for chassis up to 10 t	
	Exterior entrance step, 3-step, electrically extendable with safety circuit, for chassis as from 10.5 t	
	Rear garage with doors to the right and to the left, floor rails with lashing eyelets and 230 V socket, electrical release (not for G models)	
	Rear wall with fibreglass compound sandwich design, PU foam core	
	Plastic windows in living area, double-glazed and tinted, collapsible outwards or sliding, with pleated blackout blind and flyscreen	
	Storage space flaps thermally separated with electrical release, carpeted inside	
	Entirely wood-free exterior structure	
	Front and lateral skirting, from highly sturdy fibreglass compound	
	External adhesives in black and silver	
	Sturdy handle for easy entry, backlighted

## BATHROOM . INSTALLATIONS . ELECTRONICS . CONTROL PANEL

BATHROOM	Skylight, with flyscreen and pleated blackout blind
	Washstand, with seamlessly integrated sink, push open valve and domestic drain
	Extensible single-lever mixer tap, chrome
	Soap dispenser, cup holder and towel hook
	Lighted closet
	Separate shower, with wall rail, height-adjustable showerhead and drying rail
	Toilet window, with flyscreen and pleated blackout blind with premium bathroom
	Ceramic toilet bowl with 250 litres toilet tank
	Toilet paper holder and toilet brush
	Spacious wardrobe with LED lighting
INSTALLATIONS	LED spots
	Sockets 2 x 230 V
	Gas bottle compartment, for 2 x 11 kg gas bottles side by side, with gas controller gas leak protection, gas filter and automatic switchover
	120 litres gas tank instead of gas bottle compartment for PALACE LINER with slide-out
	5.500W hot water gas central heating, with thermostat control, automatic ventilation valve and backflow shut-off
	Electrical heating element, 230V, up to 3.000W
	Engine heat exchanger, for using engine calories to heat up the living area
	Floor heating in living area and bathroom and driver's cab
	Heat regulating thermostat in bedroom and rear garage
	Towel dryer radiator in bathroom, with thermostat control
ELECTRONICS	Integrated hot water boiler, serving all tapping points
	360 litres fresh water tank, 250 litres wastewater tank and 250 litres toilet tank, situated in the heated double floor
	Emptying of wastewater and toilet tank, via drain tap with large cross section in heated double floor and drain hose with bayonet connection
	Domestic style wastewater pipes
	Flushing connections for wastewater tank and toilet tank
	Central pressure water supply
	230 V socket in the garage
	230 V CEE connection, with insulated floor inlet
	140 Ah gel battery in intermediate floor including battery monitoring system with overloading and total discharge protection
	Automatic charger, electronically controlled, with battery temperature sensor, maximum charge rate of 25 A
CONTROL PANEL	Central control and monitoring panel, with colour touch screen
	Shut-off function for on-board electrical system, in case of undervoltage/overheating
	On-board electronics, microprocessor-controlled with bus technology
	Buttons for switching on/off, lighting, water pump and special equipment, including main switch for all consumers
	Alarm devices, for 'wastewater tank full', 'step extended', 'fresh water tank empty', reserve gas bottle in use' and diverse others
	LCD control panel for monitoring of external and internal temperature, external mains supply, parallel battery circuit, battery voltage of the vehicle and leisure batteries
	LCD control panel for monitoring of wastewater tank and fresh water tank levels, gas level (when a gas tank is fitted), charging and discharging amperage, date and time with alarm clock

EXPERT ADVICE

### CARRY ON AT THE PUSH OF A BUTTON

#### LOCKING DIFFERENTIAL FOR MOTORHOMES.

Who has the biggest motorhome on the slippery camping site? And who will pull it out of trouble? The IVECO Daily does not need outside help as it is equipped with a locking differential. This piece of technology, which is usually an indispensable piece of equipment in proper off-road vehicles, is far more effective than wheel-selective braking

# IVECO

systems often found in cars or SUVs. Each drive axle has a differential gear which allows both wheels to turn at different speeds in corners. However, if one wheel starts spinning in slippery conditions, the other wheel does not transfer any power. Activating the locking differential from the dashboard locks both wheels on the drive axle. Now, the spinning wheel no longer holds you up, but the wheel that has traction will keep you moving.

Table with 3 columns: Item / Weight, Description, and Price. It lists various upholstery and decoration options for the Morelo Palace . Palace Liner, including microfiber upholstery, leather upholstery, carpets, and decoration packages, with prices in Euros.

EXPERT ADVICE

NOTHING UNDERNEATH?

Our many years of experience shows that when it comes to buying a new motorhome, many people tend to be frugal when it comes to technical equipment. The disadvantages of this tactic will become apparent during your first holiday: While other motorhome owners float down the road on VB ActiveAir air suspension, wide front axles and air-suspended seats,

OUR ADVICE? DON'T SKIMP ON THE CHASSIS!

frugal owners will be at their wits' end with even just small bumps affecting the ride quality and the quality of life. Many retrofits can be realized only with additional effort and higher costs compared to the original equipment. Enjoy the full comfort of your MORELO right from the start, with chassis technology from Fahrzeugbau Meier!

# TRAVEL BLISS ON A GRAND SCALE

---

**The MORELO EMPIRE is not just grand in size - it is grand in every aspect.** The vehicle certainly makes a statement on the road thanks to its elegant and sporty design, yet it is off the beaten track where our luxury motorhome really comes into its own. Unlimited driving pleasure and comfort are guaranteed, and to ensure you can enjoy the "Welcome Home" feeling wherever you are in the world, the EMPIRE has enough space for all your possessions.

## COCKPIT . LIGHTS . STRUCTURE

COCKPIT	Luxury driver's cab seats, with integrated seatbelts, air suspended with lumbar support, armrests and heating
	Roller plissee behind windscreen, electrically activated, darkening blind with privacy screen and sunblind function
	Panoramic windscreen with laminated glass, tinted, heatable
	Flush, double-glazed driver's cab side windows, electrically activated
	Air conditioning in driver's cab
	Cruise control
	Steering wheel, adjustable in height and angle
	Outside mirrors and windscreen wiper system in bus-style with wide-angle and front mirror
	Independent premium dashboard, with ambient lighting, cupholder and cooled refreshment compartment
	Navigation system with 9" touch screen panel and DAB / DAB+ tuner, incl. twin reversing camera with shutter, hands-free set for Bluetooth telephone
	High-performance 2-way loudspeakers in driver's cab side panelling
	Sockets, 1 x 12 V, 1 x USB and 2 x 230 V
	Optimized noise insulation of engine compartment
LIGHTS	Fully insulated driver's cab, new GRP module
	LED headlights with additional high beam
	Fog lights
	LED daytime running lights
	LED rear lights
STRUCTURE	Side walls and roof are 52 mm thick, 48 mm of which consists of closed-cell RTM hard foam
	Aluminium side bars on the roof, with rainwater channels to help keeping side walls clean
	Side walls in ALU-RTM-ALU sandwich design, smooth and high-gloss
	Roof in GRP-RTM-ALU sandwich design, hail protection and low heat conductivity
	Underfloor in GRP-RTM-GRP sandwich design, robust, corrosion-free, no timber used
	Cold-bridge-free wall joint technology, using highly compressed rigid PU profiles
	Garage door with electrical unlocking
	Lightning protection, Faraday cage
	Heatable double floor, ca. 420 mm high for EMPIRE / ca. 480 mm high for EMPIRE LINER, side access via external flaps
	"Top Class" entrance door with window, extra large, electric with code lock and remote control, flyscreen and mechanical emergency unlocking
	Interior entrance step, heated and illuminated, with two incorporated pull-out drawers
	Exterior entrance step, 2-step, electrically extendable with safety circuit (EMPIRE)
	Exterior entrance step, 3-step, very sturdy, illuminated, electrically extendable with safety circuit (EMPIRE LINER)
	Rear garage with doors to the right and to the left, floor rails with lashing eyelets and 230 V socket, electrical release (not for G-models)
	Rear wall with fibreglass compound sandwich design, PU foam core
	Genuine glass windows in living area, double-glazed and tinted, collapsible outwards, with pleated blackout blind and flyscreen
	Storage space flaps in RTM technology, perfectly insulated
	LED lighted double floor lockers
	Entirely wood-free exterior structure
	Front and lateral skirting, from highly sturdy fibreglass compound
	Outside applications in real glass, black
	Sturdy handle for easy entry, backlit

	025163 / 05	Extractor fan in the kitchen area	790,00 €

## FULLY AUTOMATED JACK SYSTEM

### JUST LEVEL

Make your stay in your MORELO as comfortable and easy as possible: Our leveling jack system is adapted to your vehicle, just press a button and the system places your vehicle horizontally on 4 jacks.

Despite their low weight, each jack can lift up to 10 tons. Of course, our premium system also works purely hydraulically when the lifting supports are moved in,

i.e. even mud submerged jacks are easily fully retracted.

### OUR ADVICE

The E + P leveling jack system is very robust and protected against corrosion. Arrive and extend the jacks - just level.

### A BRIGHT IDEA!

#### CERAMIC COATING ENSURES FIRST-CLASS APPEARANCE

Every MORELO driver knows: Cleaning the vehicle is often a time-consuming and strenuous task... But it doesn't have to be! The high-tech ceramic coating from HOSS provides long-term protection from dirt for your MORELO and even protects the GRP parts against UV radiation.

**Outstanding deep shine**  
**Far less cleaning effort**  
**Increased UV protection, especially for GRP parts**  
**Hydrophobic effect: self cleaning in rainy conditions**  
**Increased protection against micro-scratches**  
**5 year guarantee**

Preserve the value of your MORELO and save time and money when cleaning the exterior!

Subject to technical changes and errors. Please note that some of the illustrations in this catalogue show alternative designs or optional extra fittings, which would incur additional costs. Variations in colour may arise during printing. This document, including extracts thereof, may only be reproduced with the written permission of MORELO Reisemobile GmbH.

The prices listed for vehicles and extras apply to their purchase and licensing in Germany. They are given in Euro and include VAT at 20%. We reserve the right to adjust prices accordingly in the event of VAT increases during the delivery period. All prices represent nonbinding recommendations ex works. Price changes for basic vehicles will cause price adjustments based on the additional price for the basic vehicle. The prices for extras are only valid if they are fitted in the factory and scheduled in due time. Retrofitted extras will incur additional material and assembly costs. Prices include ancillary costs for pre-shipment of the chassis and TÜV certification. Transport costs to abroad or foreign registration costs are not included.

We reserve the right to make technical modifications, providing overall product quality is maintained or improved and there is no restriction in terms of the designated use.

**This price list applies to orders as from the 1st of August 2019.** All previous price lists will cease to be valid. Errors and omissions excepted.

<sup>1</sup> The mass of the vehicle in running order includes: driver (75 kg), full fuel tank, 100 litres of fresh water (HOME 40 litres), full gas bottles and the tool kit. The fitting of extras and accessories may alter the weight and dimensions. All dimensions and weights are based on the knowledge available at the time of going to print.

Deviations of +/- 5% are possible and deemed acceptable.
