MORELO PALACE ALKOVEN

FIRST CLASS REISEMOBILE.
MADE IN GERMANY.

THE NEW MORELO PALACE ALKOVEN

Because we listen to our customers. We have fulfilled a popular request and are finally offering the MORELO PALACE in an alcove version. The new model on IVECO Daily 70 C 18 chassis impresses with the excellent, MORELO-typical finishing, perfect space utilisation and numerous technical refinements.

Five layouts, two with bicycle and three other with scooter garage. Three layouts have, in addition to the alcove bed with its high-quality multi-zone mattress, a spacious double bed (M-bed / L-bed) in the rear, two other layouts have a cosy seating area there instead. On request MORELO offers additional belt seats, so that for the first time up to 6 people can travel in a MORELO. Owners of the C1 driving licence should be particularly pleased about the premiere of the MORELO PALACE ALKOVEN, because its permissible gross weight is just under 7.5 tonnes.

Bodywork in typical MORELO construction. Top insulation. Generous feeling of space. Roof and side walls of the MORELO PALACE ALKOVEN have 38 mm RTM insulation, the GRP roof is hail-resistant. The spacious double floor is heatable and immediately impresses with a height of 420 mm. This not only offers plenty of space for the large fresh and waste water tanks, but also additional storage space. The excellent insulation in combination with the hot-water gas central heating with 5,500 Watt and the real floor heating make the MORELO PALACE ALKOVEN a real all-year-round motorhome.

Well thought-out bathroom, comfortable kitchen, underfloor heating. Also inside the new one is a real MORELO: step in and you feel at home immediately. Like the entire living area, the bathroom offers an underfloor heating throughout. The ensemble includes a spacious washbasin with seamlessly moulded sink, a mirrored cabinet, a separate real glass shower and a ceramic toilet with a large fixed tank. A wardrobe with LED lighting completes the inviting bathroom arrangement.

HIGHLIGHTS & HARD FACTS

Often only an option with others, but standard with MORELO. In keeping with our idea of a First Class motorhome the basic price of the MORELO PALACE ALKOVEN already includes many features as a standard.

Subject to technical changes and errors. Please note that some of the illustrations in this catalogue show alternative designs or optional extra fittings, which would incur additional costs. Variations in colour may arise during printing. This document, including extracts thereof, may only be reproduced with the written permission of MORELO Reisemobile GmbH.

The prices listed for vehicles and extras apply to their purchase and licensing in Germany. They are given in Euro and include VAT at 20%. We reserve the right to adjust prices accordingly in the event of VAT increases during the delivery period. All prices represent nonbinding recommendations ex works. Price changes for basic vehicles will cause price adjustments based on the additional price for the basic vehicle. The prices for extras are only valid if they are fitted in the factory and scheduled in due time. Retrofitted extras will incur additional material and assembly costs. Prices include ancillary costs for pre-shipment of the chassis and TÜV certification. Transport costs to abroad or foreign registration costs are not included.

We reserve the right to make technical modifications, providing overall product quality is maintained or improved and there is no restriction in terms of the designated use.

This price list applies to orders as from the 20th of June 2022. All previous price lists will cease to be valid. Errors and omissions excepted.

¹ The mass of the vehicle in running order includes: driver (75 kg), full fuel tank, 100 litres of fresh water, full gas bottles and the tool kit. The fitting of extras and accessories may alter the weight and dimensions. All dimensions and weights are based on the knowledge available at the time of going to print.

Deviations of +/- 5% are possible and deemed acceptable.
