

# GLOBE-TRAVELLER

NEW model

Established in 2009 with the Neo-Traveller project, **Globe-Traveller** embarked on a journey to share freedom, independence, and comfort with individuals seeking exceptional travel experiences. On February 14, 2012, the Globe-Traveller brand was officially born, marking the beginning of a remarkable chapter.

Today, our camper vans grace the roads throughout Europe, serving as a testament to our unwavering dedication. While our product lineup continues to evolve, our vision and mission remain unchanged. We strive to be a respected manufacturer of motorhomes, consistently surpassing expectations. The numerous awards we have received validate the recognition of our efforts not only among our valued clients but also within the industry.

At Globe-Traveller, our commitment to enhancing the camper van experience remains steadfast. Through innovative designs and thoughtful modifications, we aim to create exceptional camper vans that cater to the needs and desires of our discerning customers. With each passing day, we continue to redefine the boundaries of comfort, convenience, and travel freedom.

Join us on our adventure and discover the extraordinary possibilities that await you on the road.

## Falcon 2Z Volkswagen Crafter

**Embrace Elegance and Adventure!  
Unleash your sporting spirit with our  
sophisticated and sleek camper van!**

Introducing our latest masterpiece: the versatile and stylish camper van designed to encompass the essence of simplicity and refined style. Crafted with meticulous attention to detail, this camper caters to both biking enthusiasts and adventurers seeking comfort on their journeys. The thoughtful layout is tailored for two individuals, creating a cozy and intimate space to share unforgettable moments together.

**NEW model**

The camper van, designed for year-round use and featuring a dedicated storage area for sports equipment including bicycles, golf gear, snowboards, and skis, as well as a compact, eco-friendly toilet, gas-free operation and double floor ensures usability even during winter months.

## Falcon 2XS Volkswagen Crafter

Discover a new level of comfort and convenience with our contemporary camper van experience.

This camper van has been designed with you in mind, featuring high quality materials for maximum comfort and durability. Fully winterised, with a double floor, like all our motorhomes, allows you to enjoy adventures in any weather.

NEW model

The Globe-Traveller Falcon 2XS comes with an optional inverter and is available in a "gas-free" version, making it more environmentally friendly and more compelling for all of you who prefer not to have a gas installation in the motorhome.

## Explorer Series Fiat Ducato | Peugeot Boxer

Comfortable camper van for maximum 2 travellers

Globe-Traveller Explorer Series has been designed for maximum two travellers. Like all Voyager and Pathfinder models, equipped with a double floor, these vans are also ready to be used all year round. Vast overhead lockers, a wardrobe with hanging space, deep drawers, and many other compartments, combined with a large garage provide a lot of storage space. 'Bike' version is available as an Explorer Z option.

## Explorer 2X | 2XS

Setting this series apart is its unique feature: a rear bench for two has been replaced with a functional seating area. Already available in 2X and 2XS options.

## Explorer Z

Available as an optional "bike version" which allows to carry two bicycles inside the garage

## Voyager Series Fiat Ducato | Peugeot Boxer

A unique interior and compelling exterior

Globe-Traveller Voyagers provide four seats with 3-point seat belts. Large and comfortable beds in the rear are suitable for two adults. The fold-down upper bed has been designed with two kids or teenagers in mind.

With additional roof modification, the Voyager models are 3 meters tall. Standard doors of the panel van have been replaced with a lightweight composite wall, giving additional usable space inside.

## Voyager X | XS

Placing the bathroom at the rear of the vehicle allows a natural separation of the day area, which can be additionally closed off by a sliding door.

## Voyager Z

Uniquely designed washroom, located in the middle of the van, offers dry and wet zones. A shower cabin is separate from the rest of the bathroom.

# Pathfinder Series

Fiat Ducato | Peugeot Boxer

## A practical motorhome for families

Globe-Traveller Pathfinder Series is similar to the Voyager Series. These camper vans also have 4 seats and 4 berths, as well as a modified roof. The standard rear panel van door has been left unchanged, providing easy access to the garage. Both wings can be opened by 90 or 180 degrees for easier storage, loading and unloading.

The Pathfinder Z is also available as a ‘bike’ version so you can take two bicycles inside the garage.

>>

## Pathfinder X

Main bedroom can be closed off by a sliding door.

## Explorer Z

Length 636 cm | Big double bed or two single beds

## What makes our camper vans special

### MODIFIED ROOFS AND PULL-DOWN FOLDING BED

As a result of additional roof modification, a pull-down folding bed has been fitted inside. All Voyager and Pathfinder models with this roof adaptation are 3 meters high. In addition, the clearance distance between the floor and the ceiling is 210 cm in the dinette and 195 cm in the rear part of the habitation area.

### MODIFIED GARAGE DOORS

Standard doors of the panel van have been replaced with lightweight composite walls. You will find this modification in the Voyager series.

### INTERNAL SLIDING DOORS

The Voyager X and XS models, and the Pathfinder X model, are equipped with an internal sliding door. During the day, when open, they remain almost invisible. At night, they close the bedroom, separating it from the front of the habitation area.

### A 'BIKE' VERSION

A solution appreciated by cycling enthusiasts. A 'bike version' as an option, available in Pathfinder and Explorer Z models and Falcon 2Z allows carrying two bicycles inside the garage.

### DOUBLE FLOOR

Super high roof panel vans are a base for Voyager, Pathfinder, and Explorer series to get truly winterised conversions. In the case of the Falcon serie we have accomplished this by crafting a roof design that enhances the interior height. The inclusion of a double floor beneath the entire living area, combined with proper insulation, enables these RVs to be utilized year-round.
