

PRICE LIST 2024

ALWAYS IN LINE WITH TIME

A caravan just the way you want it

With seven models, three series and plenty of optional add-ons, you have almost limitless opportunities to purchase a caravan that exactly meets your needs. Be sure to get help from Polar's dealers. They are familiar with all the options and can provide you with excellent advice before you make your purchase. Good luck!

ORIGINAL

This shows you everything you need and more besides. Original offers a well-equipped basic model for simple caravan living, without compromising on quality. You can be assured of good value, as many things that are included as standard in Original are options from other manufacturers. If you want to explore even more ways of customising your caravan, we also offer add-on packages

SELECTED

Selected is the series for the person who wants a little more. The equipment is carefully chosen and includes extra comfy mattress toppers, a bigger fridge, better sound system and mood lighting. For gold standard caravan living.

CUSTOMIZED

This is Polar's most luxurious series, with the best of everything. All fittings and equipment are of exclusive design and superb quality. There is also climate control (ACC) and a central vacuum cleaner, and much more. Customized has its own unique look with black design elements.

TECHNICAL DATA

Applies to all models:
Width, external, 251 cm.
Height, external, 277 cm

	Length with towbar	Length* exterior	Length interior	Kerb weight (incl. 20 l water)	Total weight	Living area	Beds	A-measure-ment awning	Axle**
520	717 cm	583 cm	507 cm	1450-1470 kg	1700-2000 kg*	12.1 m ²	2-3	962	SINGLE
560	771 cm	639 cm	563 cm	1540-1575 kg	1700-2000 kg*	13.4 m ²	2-5	1018	SINGLE
590	799 cm	667 cm	591 cm	1560-1600 kg	1800-2000 kg*	14.1 m ²	2-5	1046	SINGLE
620	827 cm	695 cm	619 cm	1580-1670 kg	1800-2000 kg*	14.7 m ²	2-5	1074	SINGLE
650	855 cm	723 cm	647 cm	1660-1700 kg	1900-2000 kg*	15.4 m ²	2-5	1102	SINGLE
680	879 cm	751 cm	675 cm	1780-1830 kg	2650 kg	16.1 m ²	2-5	1130	twin
730	934 cm	807 cm	731 cm	1900-1930 kg	2650 kg	17.4 m ²	2-6	1186	twin

The kerb weight is the weight of the caravan in its standard version, with battery, gas bottle, sprung mattress and full fresh water tank. Please note that these weights do not include purchased add-ons.

Equipment list

Here you can see what equipment is included as standard with each series and what add-ons are available. Polar gives you more and better, because things that are often options from other manufacturers are part of the basic specification in our caravans. Each caravan is also guaranteed water-tight and comes with a unique weight certificate.

Hood for drawstring

Ledstripe window in the back

Kitchen wall plate instead of the standard wallpaper

Price: 1877 €

Comfortable and a high quality

Polar sets a high standard for all standard equipment. The caravans are built to be used all year round in the Nordic climate and are extremely hard-wearing. Optional add-ons and the various equipment ranges enable you to customise the caravan to reflect your needs and requirements. Here are some of the great features to be found on Polar caravans.

Door with window available as an add-on. Included in the Selected and Customized packages.

AN external loading hatch provides you with easy access to your camping equipment.

Gas changeover regulator automatically switches over to the spare bottle when the first runs out.

A stabiliser coupling reduces the risk of the caravan starting to snake and sway.

A Gas outlet in the compartment means you avoid having to pack gas bottles for the barbecue – simply connect your barbecue to the caravan's gas supply.

A mover automatically manoeuvres the caravan, without the towing car, for precision parking.

Exterior shower – ideal when you want to rinse off sandy feet or mucky paws.

Polar cannot be held liable for any errors, changes in production or price, local variations, or differences between countries; note also that some pictures may show optional equipment.

Norrland soul

Our Norrland heritage is part of Polar's DNA. In the cold and the harsh climate, you cannot do things by halves. Materials have to withstand prolonged freezing temperatures, and vehicles have to cope with endless roads covered with snow and slush. Every caravan is subjected to a thorough quality test before it goes to the buyer, and carries a 7-year water-tightness guarantee. That's why the caravans from Dorotea proudly display the words "Made in Norrland".
