TECHNICAL INNOVATION

A SMART MOVE WITH MODERN CONSTRUCTION

As the UK's leading leisure vehicle manufacturer, the Swift Group undertakes what is probably the most extensive research and testing program in the industry and we are constantly looking at new and better ways to construct our products. SMART is our intelligent construction system and it is now being introduced across our entire range of coachbuilt motorhomes.

SMART is based on proven technology and provides a Strong timber-less body with Modern desirable looks and an Aerodynamic shape that is highly Resilient to moisture, all wrapped up in a motorhome that has undergone comprehensive Testing.

Carefully developed, the system was only introduced once we were satisfied that it was truly fit for purpose.

Computer numerically controlled (CNC) cutting is used in the manufacturing process to provide accuracy and consistency time after time, to produce a high quality engineered product designed to give you a lifetime of SMILES.

For more details see www.swifttv.co.uk or www.swiftgroup.co.uk

AERODYNAMIC

We continue to lead the way in Aerodynamics using Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption.

MODERN

The SMART construction system uses Modern materials and has also been developed to ensure the exterior profiles maintain the Modern desirable looks our motorhomes are renowned for.

STRONG

The Strong timberless body frame uses 'PURE', a tough, hard polyurethane based product, that is totally impervious to water and has been proven through use.

RESILIENT

All fixing are made into the 'PURE' material to a pre-defined depth. 'PURE' is totally impervious to water and has no veins. This means there is no passage for water from the outer skin to the inner wallboard, making the motorhome highly Resilient to moisture.

TESTED

Extensive safety and durability Testing at the Millbrook track, cold chamber Testing down to minus 15°C and sled crash Testing puts prototypes through conditions most products will never have to experience in a life time; all part of the Swift Ethos to deliver the best products to you.

BOLERO

With its striking streamlined design, 16" alloy wheels, smooth engine options and class-leading specification, the Bolero range has a level of style and luxury you would normally only find in more expensive ranges.

The aerodynamic bodyshell sits on a low-line AL-KO chassis and the new cab provides additional comfort with captains style seats, handy storage pockets and USB charging socket. The new instrument cluster even shows you when to change gear for optimum economy.

Both 130bhp and 150bhp engines are available with Fiat's Comfort-Matic automatic gearbox for the ultimate in driving comfort and performance. The specially priced Vogue pack adds upgrades that include cab air-conditioning, cruise control, a twin-view reversing camera and Status 550 TV aerial.

Smile

Inside, the 'Black Edition' theme continues with new 'Edison' soft furnishings, which have a monochrome timeless class.

New 'Aralie Sen' woodgrain completes the stylish look and gloss upper locker doors add another dimension. In addition to the powerful Alde radiator central heating with touch screen control, all models come fitted with a Truma 'Crash Sensor Mono' regulator. This allows en-route use of the heating, so you can arrive at your destination warm and ready to relax. With the Winter pack fitted as standard the Bolero is truly suitable for all year round touring.

To ensure you have the ultimate nights sleep whilst away, all fixed beds come with an exclusive Duvalay Duvalite mattress, with lightweight memory fibre technology.

The ultra-low energy lighting system provides greater independence away from a power source and a solar panel, fitted as standard, helps keep charge in the batteries.

Pleated cab and window blinds plus a combination of LED lights, with dimmable spotlights and over-locker lighting, allows you to set the mood. A BBQ point is ideal for alfresco cooking. Sectioned carpets and French Oak vinyl flooring also allow you to tailor the flooring to suit your needs.

Well equipped kitchens all have a large 190 litre fridge/freezer and an Ecocamel shower head gives a powerful shower whilst conserving water. The three large models have the luxury of a separate shower cubicle and an Alde heated towel radiator.

	1.89m x 0.71m / 6'2" x 2'4"					
	1.89m x 0.71m / 6'2" x 2'4"					

Note

1. The Maximum User Payload includes:

- a) the conventional load (this is the allowance for passengers)
- b) essential habitation equipment (items and fluids required for safe and proper functioning of habitation equipment)
- c) optional equipment (items available from the manufacturer over and above the standard specification)
- d) personal effects (those items not covered by the above)

2. The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank and 100% gas capacity. The MRO is calculated with the fresh water tank empty. If you travel with water in the fresh water tank then the payload will reduce accordingly.

3. Please take care to ensure that you have allowed for the masses of all items you intend to carry in the motor caravan, e.g. passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, bicycles, sailboards, sports equipment etc.

4. Warning - under no circumstances should the maximum technical permissible laden mass of this motor caravan be exceeded.

* Estimated

** For optional roof ladder add 100mm.

† With this vehicle configuration it will be necessary to reduce the payload carried inside the van when towing a trailer at maximum trailer weight to ensure that the Maximum Gross Train Weight and maximum axle loads are not exceeded.

BOLERO FEATURES

Chassis-Cab

- **New** Generation Fiat chassis cab
- **New** LED daytime running lights
- **New** Black metallic cab and Black Edition graphics
- Fiat Euro 5+ 130bhp, 2.3 litre engine (682FB and 684FB)
- Fiat Euro 5+ 150bhp, 2.3 litre engine (712SB, 714SB, 722FB & 724FB)
- **New** Dashboard design with fully integrated factory-fit Radio/MP3 player with Bluetooth, switch-off timing adjustable up to 3 hours and mirror antenna for better reception
- **New** Techno silver dash trim
- Cab battery isolation switch to prevent discharge in storage
- Driver and passenger airbags
- Concertina windscreen blind and side window blinds
- Cab carpet (removable)
- **New** Captains chairs with twin armrests and integrated headrest
- Driver and passenger seats both with:
 - Swivels
 - Height and rake adjustment
 - Two armrests
 - Fully upholstered covers
 - Base surrounds
- **New** High-level instrument cluster with chrome trims
- ABS brakes
- EBD (electronic brake force distribution)
- Immobiliser with rolling code
- Variable power steering
- Key fob operated remote central locking of cab doors and entrance door
- Electric operated and tinted cab windows
- Electrically adjusted and heated wing mirrors fitted with direction indicators
- Headlamp height adjustment
- Adjustable steering wheel position
- **New** Central cup holder with slot for full width tablet and wall pocket for smart phone with USB port for charging
- Two 12V power sockets (inc. lighter socket)
- Thatcham (Category 7) approved TRACKER Retrieve fitted as standard

Living Area

- **New** 'Edison' furnishing scheme with two bolster cushions
- **New** 'Aralie Sen' woodgrain with contemporary colouring and hessian contrasts
- Gloss upper locker doors
- Exclusive 'Duvalay Duvalite' fixed bed mattress with lightweight memory fibre technology - hypoallergenic, excellent pressure relief, dustmite resistant and 100% recyclable
- Cassette flyscreens and pleated blinds on all windows
- Concertina action door flyscreen
- **New** Chrome entrance doorway grab-handle
- Removable carpets in living area

- French Oak effect, high impact, scratch resistant floor lino
- Push-button locks on overhead locker doors
- Swift Group 'spaceframe' locker construction
- Ergonomically shaped rear travelling seats (684FB & 714SB, 724FB)
- Lounge bench seat cushions supported by beech slats for extra comfort
- Seat backrest ventilation boards
- Dining table with dedicated storage location
- Midi-Heki skylight with flynet and adjustable blind
- Domestic style mortice locks on washroom and wardrobe doors
- Removable stepwell mat
- Black branded speakers
- Smoke alarm
- Carbon monoxide alarm

Kitchen

- Hessian effect contrast furniture doors
- Dometic 8-Series 190 litre fridge/freezer with automatic energy selection
- Mini-Heki skylight with flynet and adjustable blind
- Lower level built-in microwave oven with digital controls
- Printed back-lit acrylic splash back
- Granite-look GRP kitchen sink and removable drainer with dedicated storage
- Food grade nylon chopping board with dedicated storage
- **New** Vector chrome effect mixer tap
- **New** Style Aspire Mk 2 full oven, designed for motorhome use with improved noise reduction, separate grill and dual fuel hob with 800W electric, electronic ignition and flame failure protection

Washroom

- Ecocamel shower hose and head uses less water while giving a powerful shower
- Decorative inlay on washroom door
- Mirror lighting
- Shower cubicle or fully lined shower area
- Lower cupboard with built-in washbasin
- Overhead storage locker
- Thetford C260 swivel cassette toilet with electric flush
- **New** Vector chrome effect mixer tap
- Skylight with flyscreen

Heating and Plumbing

- Grade 3 classification (EN 1646-1) for heating and thermal insulation (for sub-zero ambient temperatures)
- Alde dual fuel radiator central heating and water heating with daily programming, LCD control panel and 1kW, 2kW and 3kW setting
- **New** Improved Alde circulation pump with 5 speed settings
- Heated towel radiator also fitted in (712SB, 714 SB, 722FB & 724FB)
- Truma 'Crash Sensor Mono' regulator for en-route operation with connection hose for propane
- 94 litre under-floor, insulated fresh water tank with level sensor
- Pressurised fresh water system with self-priming pump
- 100 litre waste water tank with level sensor
- Large bore waste pipes (insulated for winter use)
- **New** Drain valve actuation point including brace
- 12 volt exterior power point for pump filling of water tank (pump not supplied)
- Winter Pack fitted as standard with fresh/waste water tank heaters, under floor waste pipe insulation and fridge vent winter covers

Electrical

- Mains 230V supply via easy-access consumer unit to sockets, fridge, microwave oven, combi-boiler and battery charger/transformer
- 25amp charger/transformer for leisure batteries
- 100 amp-hour (Dir 2006/66/EC) leisure battery in underfloor compartment (space for 2nd battery, battery not supplied)
- 5 mains chrome 230V sockets in 712SB, 714 SB, 722FB & 724FB; 4 in 682FB & 684FB
- Easy to use 12V control panel over doorway with new decorative fascia and touch controls for:
 - Vehicle/Leisure battery selection
 - Tank heaters
 - Tank levels display
 - Vehicle and leisure battery state
- Ultra low energy lighting system:
 - Dimmable LED spotlights and downlighters
 - **New** Over-locker LED lighting
 - Adjustable LED cab reading lights
 - Low-level night lights (operable when travelling)
- Power supply for satellite dish installation
- 25 metre mains hook-up cable
- TV station with flatscreen bracket 230V, 12V supply and co-ax link to outside connector
- **New** 60W solar panel

Options

- Comfort-Matic automatic gearbox with 150bhp with ESP, 2.3 litre engine in 712SB, 714SB, 722FB & 724FB (only available in conjunction with Vogue Pack)
- Comfort-Matic automatic gearbox with 130bhp, 2.3 litre engine in 682FB & 684FB (only available in conjunction with Vogue Pack)
- Leather and 'Impala' soft furnishing scheme
- Towbar
- Roof rack and Ladder
- Special value Vogue Pack with:
 - Twin view colour reversing camera allowing use en-route
 - Cab air-conditioning
 - Cruise control
 - **New** Status 550 TV aerial

- 01. Fiat/AL-KO low-line chassis with wide track
- 02. **New** Generation Fiat Chassis Cab in black metallic finish and black edition graphics
- 03. **New** LED daytime running lights
- 04. **New** Dashboard design with fully integrated factory-fit Radio/MP3 player with Bluetooth, switch-off timing adjustable up to 3 hours and mirror antenna for better reception
- 05. **New** Captains chairs with integrated headrest, wider backrest, better side support and improved seat comfort
- 06. **New** 16" alloy wheels (Two different styles - light chassis wheel shown)
- 07. Winter Pack fitted as standard with:
 - Fresh and waste water tank heaters
 - Under floor Waste pipe insulation
 - Fridge vent covers
- 08. **New** 60W solar panel
- 09. **New** BBQ point
- 10. Twin view colour reversing camera allowing en-route use (Part of Vogue Pack)
- 11. Ultra low energy lighting with LED over locker ambient lighting, LED spot lights and adjustable LED cab reading lights
- 12. Alde radiator central heating with daily programming, LCD touch screen control, towel radiator and Truma 'Crash Sensor Mono' regulator for en-route operation
- 13. Dometic 8-Series 190 litre fridge/freezer with automatic energy selection
- 14. Double glazed cab sunroof with adjustable pleated blind
- 15. Easy access eye level consumer unit
- 16. Exclusive 'Duvalay Duvalite' fixed bed mattress with lightweight memory fibre technology - hypoallergenic, excellent pressure relief, dustmite resistant and 100% recyclable

KON-TIKI

Synonymous with impressive style and high standards, this top range enjoys an enviable combination of comfort, practicality and design innovation.

Kon-tiki models are available in TAG axle and single axle models. Both have a double floor which neatly houses the services. With powerful engines, an automatic option and 16" alloy wheels, you will enjoy its driving performance.

The new Fiat cab adds extra comfort and comes with high level specification features including DAB radio, Bluetooth, USB charging socket and a bronze effect trim. The new instrument cluster even shows you when to change gear for optimum economy.

Smile

Comfortable and relaxed, professional designers have carefully coordinated the interior

Curved upper locker doors in new gloss 'Aralie Sen' with hessian infills complement the contemporary fabrics. There is also a luxury leather and 'Impala' seating option as shown above.

Subtle details to enhance the luxury feel include dimmable spot lights and an exclusive Duvalay Duvalite mattress, with lightweight memory fibre technology, in all fixed bed models for the ultimate nights sleep.

Kon-tiki models are truly suitable for all year round use with Alde radiator central heating to quickly warm the interior. It can also be used en-route to ensure you arrive in comfort.

Well equipped kitchens and washrooms have feature lighting, part of the low energy LED lighting system. A 120W solar panel in addition to twin leisure batteries gives greater independence and there is an exterior shower and BBQ point for alfresco living. In fact the list of luxury, safety and practical features is almost endless.

± NEW Optional 'Lounge' spec

The front travelling dinette can be replaced with a parallel front lounge in the 625 and 635:

Belted seats	- 2
Berths	- 2
Increase user payload	200kg
All other specification as table	

† Optional High Line spec

For High-line overcab option the following specifications changes apply:

Berths (sleeping positions)	+ 2
Mass in Running Order	+ 60kg
Maximum User Payload	- 60kg
Overcab Bed	1.91m x 1.37m/6'3" x 4'6"
Overall Height	3.08m/10'1"
All other specification as table	

Notes

- The Maximum User Payload includes:
 - the conventional load (this is the allowance for passengers)
 - essential habitation equipment (items and fluids required for safe and proper functioning of habitation equipment)
 - optional equipment (items available from the manufacturer over and above the standard specification)
 - personal effects (those items not covered by the above)
- The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank and 100% gas capacity. The MRO is calculated with the fresh water tank empty on all layouts and with one 13kg LPG cylinder (625 & 635 only). If you travel with water in the fresh water tank then the payload will reduce accordingly. There is provision for a second 13kg LPG cylinder within the payload allowance should the customer choose to utilise it.
- Please take care to ensure that you have allowed for the masses of all items you intend to carry in the motor caravan, e.g. passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, bicycles, sailboards, sports equipment etc.
- Warning - under no circumstances should the maximum technical permissible laden mass of this motor caravan be exceeded.

* Estimated

** Add 120mm to length if ladder option fitted.

*** Maximum trailer nose weight limited to 40kg

KON-TIKI FEATURES

Chassis-Cab

- **New** Generation Fiat chassis cab
 - **New** LED daytime running lights
 - Fiat Euro 5+ 150bhp, 2.3 litre engine

EXCLUSIVE TO
SWIFT GROUP

duvalay™
bedtime luxury... anywhere

Unique memory fibre technology that provides lightweight luxury, temperature harmony & supreme comfort

Exclusive to the Swift Group is the fitting of a 'Duvalay Duvalite' mattress in fixed bed layouts. Brought to recognition on Dragon's Den and now backed by Hilary Devey, the 'Duvalay Duvalite' is a new innovative mattress made with lightweight memory fibre technology. This hypoallergenic fibre remains as comfortable as memory foam but has many other benefits. Helping eliminate heat retention it gives superior temperature harmony, excellent pressure relief and is durable and resilient. It is resistant to dust-mites and is 100% recyclable. Being ultra light weight it also contributes to significant weight savings.

impala
just wipe it

'Impala' is a luxury upholstery fabric that combines a soft velvet feel with outstanding cleaning results and exceptional durability.

'Impala' is available as an option on Bolero and Kon-tiki models.

Leather and 'Impala' upholstery scheme

TRACKER™
secure • inform • protect

TRACKER Retrieve has been chosen exclusively by Swift Group since 2013 to be fitted to all its motorhomes as one of the most effective tracking systems available. With 20 years' experience it is the only vehicle tracking company supported by all UK police forces, therefore providing unrivalled protection. Powered by its own battery it is ideal while the vehicle is in use or in storage.

All TRACKER's stolen vehicle recovery (SVR) solutions use Very High Frequency (VHF) technology which offers the ultimate level of security, enabling police to locate stolen motorhomes even when they are concealed in containers, lock-ups, underground car parks or shipped abroad. Its technology is used by all police forces in the UK, confirming the power of TRACKER's SVR solutions.

glamourshield
protection solutions

Glamour Shield is the UK's official provider of Supagard™ paint and fabric protection solutions to the leisure vehicle industry and the only provider recommended by Swift Group.

Supagard™ professional paint sealant has been professionally applied to vehicles for over 20 years and is guaranteed to protect your motorhome's exterior from acid rain, UV rays, atmospheric pollutants, road salt and other causes of exterior fading and degradation.

Supagard™ InteriorGuard prevents spills of coffee, soft drinks, juices and other liquids from permanently staining your fabrics and carpets, protecting your interior against those occasional mishaps.

Supagard™ is only available as an optional extra. Ask your dealer for details.

BUILD MARQUES

All Swift Group coachbuilt motorhomes come with a market leading 10 year bodyshell integrity warranty which is backed by Swift Group to give you extra peace of mind.

They are also NCC and European Whole Vehicle Type approved, which means they have been built to comply with strict weight, dimension and safety regulations.

Finally, all Swift Group Motorhomes meet BS EN 1646-1 the motorhomes standard for Grade 3 heating and thermal insulation, which means the interior warms up from minus 15°C to 20°C in under 4 hours and the water system still works. Swift Group proves this by using cold chamber testing.
