TECHNICAL INNOVATION

A SMART MOVE WITH MODERN CONSTRUCTION

As the UK's leading leisure vehicle manufacturer, the Swift Group undertakes what is probably the most extensive research and testing program in the industry and we are constantly looking at new and better ways to construct our products. SMART is our intelligent construction system and it is now being introduced across our entire range of coachbuilt motorhomes.

SMART is based on proven technology and provides a Strong timber-less body with Modern desirable looks and an Aerodynamic shape that is highly Resilient to moisture, all wrapped up in a motorhome that has undergone comprehensive Testing.

Carefully developed, the system was only introduced once we were satisfied that it was truly fit for purpose.

Computer numerically controlled (CNC) cutting is used in the manufacturing process to provide accuracy and consistency time after time, to produce a high quality engineered product designed to give you a lifetime of SMILES..

For more details see www.swifttv.co.uk or www.swiftgroup.co.uk

AERODYNAMIC

We continue to lead the way in Aerodynamics using Computational Fluid Dynamics to help shape the bodyshell for better fuel consumption.

MODERN

The SMART construction system uses Modern materials and has also been developed to ensure the exterior profiles maintain the Modern desirable looks our motorhomes are renowned for.

STRONG

The Strong timberless body frame uses 'PURe', a tough, hard polyurethane based product, that is totally impervious to water and has been proven through use.

RESILIENT

All fixings are made into the 'PURe' material to a pre-defined depth. 'PURe' is totally impervious to water and has no veins. This means there is no passage for water from the outer skin to the inner wallboard, making the caravan highly Resilient to moisture.

TESTED

Extensive safety and durability Testing at the Millbrook track, cold chamber Testing down to minus 15°C and sled crash Testing puts prototypes through conditions most products will never have to experience in a life time; all part of the Swift ethos to deliver the best products to you.

RIO

With the size of a panel van in the body of a coachbuilt motorhome, the Rio is Swift Group's all-new sporty, compact motorhome with a rear fully opening tailgate.

This highly innovative feature is a first for the UK and is ideal for multi-purpose use, whether you enjoy sporting activities or for luggage storage. At 6.4m overall length and 2.26m width (mirrors folded) the Rio is truly a compact range and comes in two models, the 2-berth 320 and 4-berth 340.

Both models feature the stylish new Fiat cab with LED daytime running lights and are powered by the Fiat 2.3 litre, 130bhp Euro 5+ turbo diesel with a 6-speed gearbox. There is an automatic option. Weighing in at 3.5 Tonne they can be driven on a standard car licence.

SMILE

The Rio is very flexible with both models having a comfy rear parallel lounge.

This allows easy loading of sporting equipment, or anything you may choose to take with you, between the seats through the rear tailgate.

Interiors are contemporary with 'Aralie Sen' woodgrain and neutral soft furnishings, which are lifted by curtains and contrasting fabrics with an iridescent weave. There is an option of 'Impala' stain resistant easy-clean seating fabric with a soft nubuck texture, exclusive to Swift Group.

Practical removable carpets over washable French oak effect vinyl flooring make sure you can easily clean up after exploring the great outdoors.

Rio's feature everything you need to relax in comfort.

A Truma Combi 4 boiler provides ample heating and hot water and there is a well equipped kitchen and compact washroom which houses everything you need; a basin, toilet and shower, plus mini LED downlights.

Lighting throughout is LED with dimmable under locker spotlights and overlocker lights in the rear lounge and there is a stepwell light for safer access. There are even low-level night-lights that operate when travelling and an illuminated kitchen splash back.

The 340 features an electronically operated drop down bed at the rear that has three positions and the ultra comfortable Duvalay Duvalite mattress which is exclusive to Swift.

Drop Down Bed					1.83m x 1.20m / 6'0" x 3'11"	

- Notes
- The Maximum User Payload includes:
 - the conventional load (this is the allowance for passengers)
 - essential habitation equipment (items and fluids required for safe and proper functioning of habitation equipment)
 - optional equipment (items available from the manufacturer over and above the standard specification)
 - personal effects (those items not covered by the above)
 - The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank and 100% gas capacity. The MRO is calculated with the fresh water tank empty. If you travel with water in the fresh water tank then the payload will reduce accordingly.
 - PLEASE TAKE CARE TO ENSURE THAT YOU HAVE ALLOWED FOR THE MASSES OF ALL ITEMS YOU INTEND TO CARRY IN THE MOTOR CARAVAN, e.g. passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, bicycles, sailboards, sports equipment etc.
 - Warning - under no circumstances should the maximum technical permissible laden mass of this motor caravan be exceeded.
- * Estimated

RIO FEATURES

Chassis-Cab

- New Generation Fiat chassis cab
- LED daytime running lights
- Stylish black bezel to headlight and black front grill
- Protective black skid plate
- Fiat Euro 5+ 130bhp, 2.3 litre engine
- Dashboard design with fully integrated factory-fit Radio/MP3 player with Bluetooth, switch-off timing adjustable up to 3 hours and mirror antenna for better reception
- Cab battery isolation switch to prevent discharge in storage
- Driver and passenger airbags
- Concertina windscreen blind and side window blinds
- Cab carpet (removable)
- Captains chairs with twin armrests and integrated headrest
- Driver and passenger seats:
 - Swivels
 - Position, height and rake adjustment
 - Two armrests
 - Fully upholstered covers
 - Base surrounds
- ABS brakes
- EBD (electronic brake force distribution)
- Immobiliser with rolling code
- Variable power steering
- Key fob operated remote central locking of cab doors and entrance door
- Electric operated and tinted cab windows
- Electrically adjusted and heated wing mirrors fitted with direction indicators
- Headlamp height adjustment
- Adjustable steering wheel position
- Central cup holder with slot for full width tablet and wall pocket for smart phone with USB port for charging
- Two 12V sockets
- Thatcham (Category 7) approved TRACKER Retrieve fitted as standard

- ABS brakes
- EBD (electronic brake force distribution)
- Immobiliser with rolling code
- Variable power steering
- Key fob operated remote central locking of cab doors and entrance door
- Electric operated and tinted cab windows
- Electrically adjusted and heated wing mirrors fitted with direction indicators
- Headlamp height adjustment
- Adjustable steering wheel position
- Central cup holder with slot for full width tablet and wall pocket for smart phone with USB port for charging
- Two 12V sockets
- Thatcham (Category 7) approved TRACKER Retrieve fitted as standard

Body and Exterior Equipment

- European Whole Vehicle Type Approval ensures compliance with strict weight, dimensions and safety regulations
- SMART construction with Strong, moisture proof 'PURe' Polyurethane timberless framed body shell
- Compact narrow bodyshell 2000 mm internal width and 1947mm interior height
- GRP front low-line pod with panoramic opening sunroof
- Styled front marker lights
- Seitz C8 flush fitting windows
- One-piece, 5000 Series marine grade aluminium side-walls finished in white with stylish graphics

- Full GRP rear panel incorporating lift-up tailgate with window, central locking and electrically operated step
- Exclusive LED rear light clusters
- Dynamic graphics coordinated with white cab
- White extruded skirts with end caps
- Gloss white finished front bumper
- 16" wheels with full wheel trims
- Low energy LED exterior light
- High-level brake light
- Seitz high specification entrance door with secure 2-point locking, window, integral flyscreen, door retainer and bin
- Single key for all habitation doors
- Stepwell with light for easy access
- Provision for 2 x 7kg gas bottles with fitted butane/propane regulator and propane hose
- 32mm 'sandwich' walls with HD polystyrene insulation core
- 32mm aluminium pressed roof panel with HD polystyrene insulation core and flexible front to create streamlined front curvature
- 70mm 'sandwich' floor with WBP plywood, Styrofoam insulation core and GRP underside
- Heavy-duty rear chassis members ready for optional towbar (in lieu of rear step)
- Spare wheel on under slung carrier

Living Area

- 'Loxley' soft furnishing scheme with two scatter cushions
- 'Aralie Sen' woodgrain with contemporary colouring and hessian contrasts
- Gloss upper locker doors
- Chrome effect handles throughout
- Push-button locks on overhead locker doors
- Lounge seat and bed tops with gas spring hinge supports for easy access
- Electronically operated bed on 340 model with three positions
 - High-level for storage in roofline
 - Mid-level to allow sleeping underneath
 - Low-level for easy bed makeup and access
- Exclusive 'Duvalay Duvalite' fixed bed mattress with lightweight memory fibre technology - hypoallergenic, excellent pressure relief, dustmite resistant and 100% recyclable on electronically operated bed - 340 model
- Cassette flyscreens and roller blinds on all windows
- Concertina action door flyscreen
- Sectioned removable carpets for flexibility
- French Oak effect, high impact, scratch resistant floor lino
- Lap and diagonal seat belts on all designated passenger seats

- Ergonomically shaped rear travelling seats in Loxley fabric with safety frame supports
- Bed mattresses and lounge bench seat cushions supported by beech slats for extra comfort
- Seat backrest ventilation boards
- Dedicated storage locations for tables
- Midi-Heki skylight with flynet and adjustable blind
- Multi-directional clear rooflight with pleated flyscreen and blind
- Domestic style mortice locks on washroom doors
- Black branded speakers
- Luggage retaining hoops
- Smoke alarm
- Carbon monoxide alarm

Kitchen

- Domestic 8-Series, 110 litre automatic energy selection fridge with removable freezer compartment
- New Style Aspire Mk 2 full oven, designed for motorhome use with improved noise reduction, separate grill and dual fuel hob with 800W electric hot plate, electronic ignition and flame failure protection
- Built-in microwave oven with digital controls
- Granite-lock GRP kitchen sink and removable drainer with dedicated storage
- Vector chrome effect mixer tap
- Acrylic splash back with LED lighting
- Food grade nylon chopping board with dedicated storage

Washroom

- Fixed washbasin with vanity cupboard
- Thetford cassette toilet with electric flush
- Shower with curtain
- Multi-directional rooflight with flyscreen
- 32mm thick entrance door with domestic style mortice lock and handle
- Mini LED Down lights

Heating and Plumbing

- Grade 3 classification (EN 1646-1) for heating and thermal insulation (for sub-zero ambient temperatures)
- Dual fuel heating with Truma Combi 4 1.8kW electric/4kW gas/4.8kW combined with digital control
- Truma 'Crash sensing Mono' regulator for en-route use of heating and water heating
- Pressurised fresh water system with self-priming pump
- 90 litre insulated fresh water tank with level sensor
- 68 litre waste water tank with level sensor
- Butane/propane regulator and connection hose for propane
- 12V external power point for pump filling of water tank (pump not supplied)

- Winter Pack fitted as standard with:
 - Fresh and waste water tank heaters
 - Under floor Waste pipe insulation
 - Fridge vent covers

Electrical

- Mains 230V supply via easy-access consumer unit to sockets, fridge, microwave oven, heater, water heater and battery charger/transformer
- 25amp charger/transformer for leisure batteries
- 75 amp-hour AGM (Dir 2006/66/EC) leisure battery under drivers cab seat
- Minimum of 4 x 230V chrome sockets
- Easy to use 12V control panel over doorway with touch controls for:
 - Vehicle/Leisure battery selection and display of:
 - Tank heaters
 - Tank levels
 - Vehicle and leisure battery state
- Enhanced ultra low energy lighting system:
 - Dimmable LED spotlights
 - Dimmable Over-locker LED ambient lighting (rear lounge dining only)
 - Low-level night lights (operable when travelling)
 - Adjustable LED cab reading lights
- Power supply for satellite dish installation
- 25 metre mains hook-up cable
- TV station with flatscreen bracket 230V, 12V supply and co-ax link to outside connector
- Wiring prepared for roof mounted solar panel installation

Options

- Comfort-Matic automatic gearbox with Fiat Euro 5+ 130bhp, 2.3 litre engine (only available in conjunction with Lux Pack)
- Special value Lux Pack with:
 - Cab air-conditioning
 - Cruise control
 - Status 550 TV Aerial
- Reversing Camera
- Full length roll-out awning
- 'Impala' stain resistant, easy-clean fabric
- Tow bar (requires removal of rear step)

01. **New** Generation Fiat chassis cab with stylish black accents to headlights, grill and skid plate

02. LED daytime running lights

03. Compact narrow bodyshell 2000 mm internal width and 1947mm interior height

04. Aerodynamic low-line pod with panoramic opening sunroof

05. Full GRP rear panel with structural integrated steel frame to lift up tailgate with window and central locking

06. Luggage retaining hoops

07. 16" wheels with full trims

08. Exclusive LED rear light clusters

09. Dashboard design with fully integrated factory-fit Radio/MP3 player with Bluetooth, switch-off timing adjustable up to 3 hours and mirror antenna for better reception

10. Captains chairs with integrated headrest, wider backrest, better side support and improved seat comfort

11. Electronically operated drop down bed in 340 model with 3 positions and exclusive 'Duvalay Duvalite' mattress

12. Winter Pack fitted as standard with:
 - Fresh and waste water tank heaters
 - Under floor waste pipe insulation
 - Fridge vent covers

13. Stylish chrome positive catches on all overhead locker doors for secure storage on the move

14. Dual fuel heating with Truma Combi 4 1.8kW electric/4kW gas/3.8kW combined with digital control

15. Ultra low energy lighting with dimmable LED over-locker ambient lighting, dimmable LED Spotlights, low level night lights and adjustable LED cab reading lights

16. Seat bases with spaceframe construction, providing space for larger items

ESPRIT

The new Esprit range offers a totally new streamlined bodysell with opening panoramic sunroof to complement the stylish new Fiat cab with LED daytime running lights.

Considerably enhanced with new SMART intelligent construction and a feature packed specification they are truly class-leading.

The range suits couples and families, with a choice of eight models, including two new layouts.

All models are powered by the Fiat 2.3 litre, 130bhp Euro 5+ turbo diesel engine with a 6-speed gearbox and automatic option. The new cab comes with captain's style seats and a radio with bluetooth phone connection, handy storage area and USB charging port.

Smile

Comfortable and relaxed, professional designers have carefully co-ordinated the interior with new contemporary 'Aralie Sen' woodgrain and complementary soft furnishings.

The gloss upper locker doors have contrasting hessian inlays and stylish chrome catches. The chrome accent is taken through to the sockets and new vector taps in the kitchen and washroom.

Exclusive to Swift Group and designed to give you the ultimate nights sleep, an exclusive Duvalay Duvalite mattress, with lightweight memory fibre technology comes fitted in all fixed bed models.

Image shows optional 'Impala' scheme

Esprit models are truly suitable for all year round use and easily achieve the Grade 3 standard for heating and thermal insulation.

All models come with a Truma Combi boiler and Winter Pack fitted at standard. A Truma 'Crash Sensor Mono' regulator even allows the heating system to be safely operated while travelling to keep the whole living space warm.

Low energy lighting throughout includes dimmable spotlights, ambient over-locker lighting, low level night lights and an illuminated kitchen splash back.

A wide choice of seating layouts combine with well equipped kitchens and washrooms. A clever lift-up bed replaces the traditional luton bed so all models have a sleek, aerodynamic look.

EXCLUSIVE TO
SWIFT GROUP

duvalay™
bedtime luxury... anywhere

Unique memory fibre technology that provides lightweight luxury, temperature harmony & supreme comfort

Exclusive to the Swift Group is the fitting of a 'Duvalay Duvalite' mattress in fixed bed layouts. Brought to recognition on Dragon's Den and now backed by Hilary Devey, the 'Duvalay Duvalite' is a new innovative mattress made with lightweight memory fibre technology. This hypoallergenic fibre remains as comfortable as memory foam but has many other benefits. Helping eliminate heat retention it gives superior temperature harmony, excellent pressure relief and is durable and resilient. It is resistant to dust-mites and is 100% recyclable. Being ultra light weight it also contributes to significant weight savings.

impala
just wipe it

'Impala' is a luxury upholstery fabric that combines a soft velvet feel with outstanding cleaning results and exceptional durability.

'Impala' is available as an option on Rio and Esprit models

'Impala' upholstery scheme

TRACKER™
secure • inform • protect

TRACKER Retrieve has been chosen exclusively by Swift Group since 2013 to be fitted to all its motorhomes as one of the most effective tracking systems available. With 20 years' experience it is the only vehicle tracking company supported by all UK police forces, therefore providing unrivalled protection. Powered by its own battery it is ideal while the vehicle is in use or in storage.

All TRACKER's stolen vehicle recovery (SVR) solutions use Very High Frequency (VHF) technology which offers the ultimate level of security, enabling police to locate stolen motorhomes even when they are concealed in containers, lock-ups, underground car parks or shipped abroad. Its technology is used by all police forces in the UK, confirming the power of TRACKER's SVR solutions.

glamourshield
protection solutions

Glamour Shield is the UK's official provider of Supagard™ paint and fabric protection solutions to the leisure vehicle industry and the only provider recommended by Swift Group.

Supagard™ professional paint sealant has been professionally applied to vehicles for over 20 years and is guaranteed to protect your motorhome's exterior from acid rain, UV rays, atmospheric pollutants, road salt and other causes of exterior fading and degradation.

Supagard™ InteriorGuard prevents spills of coffee, soft drinks, juices and other liquids from permanently staining your fabrics and carpets, protecting your interior against those occasional mishaps.

Supagard™ is only available as an optional extra. Ask your dealer for details.

BUILD MARQUES

All Swift Group coachbuilt motorhomes come with a market leading 10 year bodyshell integrity warranty which is backed by Swift Group to give you extra peace of mind.

They are also NCC and European Whole Vehicle Type approved, which means they have been built to comply with strict weight, dimension and safety regulations.

Finally, all Swift Group Motorhomes meet BS EN 1646-1 the motorhomes standard for Grade 3 heating and thermal insulation, which means the interior warms up from minus 15°C to 20°C in under 4 hours and the water system still works. Swift Group proves this by using cold chamber testing.
