TOGETHER, WE'RE GOING PLACES

“Dreaming of owning a mobile luxury apartment? A ‘home from home...’ ...enter the Grande Frontier by Auto-Trail.”

For nearly 25 years, Auto-Trail has always been synonymous with the manufacture of luxury motorhomes. In recent years, more and more people have been searching for a truly British ‘A Class’ motorhome which reflects all the values of an ultimate leisure vehicle.

At the concept stage of the development of the new Grande Frontier, it was important to understand the exact requirements of a typical customer. Very quickly, our research and development team identified the following key factors as essential needs of the growing number of A Class owners.

- A prestigious chassis guaranteed to provide maximum comfort, stability and larger than normal payloads.
- The vehicle must have a powerful, fuel efficient engine with a choice of manual or automatic transmission.

- Access to the driving area via separate driver and passenger doors.
- A very large drop down bed, which must be simple to operate and as low as possible to allow easy access with maximum headroom.
- A large spacious lounge area
- A fully fitted ‘British’ kitchen with a full cooker and integral fridge/freezer.
- A separate dressing room with full en-suite facilities.

- Full utilisation of every area of storage, with exterior underfloor compartments.
- The vehicle must be elegant and stylish.

Auto-Trail’s specialist design and technical team, each with their own individual expertise, commenced the task of creating designs and features which would fully satisfy these important A Class criteria.

In an industry which competes hard for every customer, we are also extremely grateful to the

many thousands of Auto-Trail owners, who are wonderfully passionate about their motorhomes. Every Auto-Trail vehicle is designed better and incorporates many special features, thanks to the invaluable input of our owners.

Many new concepts are a result of this unique relationship, coupled with our continuous desire to satisfy Europe’s most demanding and discerning owners of luxury motorhomes. Together, this combination of talent, have successfully created the new Grande Frontier.

We now invite you to share that pleasure and share our passion...
